Buddies' advice

We can share with you some tips about finding a room or a place to stay here in Rome.

The first thing we recommend is to ask in Facebook groups.

You can find these groups by searching “Affitti Roma”. Maybe Facebook is one of the best ways to find a place but beware: don't give money to anyone unless you've seen the house first (of course, you can see it in video-call! Just be sure the house is real!).

If you want to share a post asking for a room or a bed you can start with: “CERCO STANZA”, or “CERCO APPARTAMENTO”; the first one helps you looking for a room, the second for a flat. You can always ask your buddies if you need help translating the post!

There are other ways: you can download apps like Immobiliare, Subito.it and Idealista. You create your account there and you can start looking for anything you'd like. But again, beware of people asking you to pay money just to SEE the room: it's a scam! Always make sure the house is real before paying.
