

ACTATEK EDGE AI FOR CLUBS

Manage member access, room capacity, comfort, and after-hours operations. Slashing energy bills by 25%+ — a system that pays for itself!

Audience Focus: Private clubs, social clubs, sports clubs, member associations, and venues.

CURRENT MARKET SIGNAL

Member venues need flexible credentials, event capacity control, healthier air, and energy savings across irregular occupancy patterns.

BUYER CHALLENGES & PAINS

- Clubs need easy access for members, guests, staff, event contractors, and restricted rooms.
- Utilities spike when bars, lounges, halls, courts, or function rooms are conditioned while empty.
- Events need capacity control, safer entry, and better visibility without adding manual overhead.
- Constant cybersecurity threats

EXPECTED BUSINESS OUTCOMES

- Lower utility bills during quiet periods and after events.
- Improve member safety with access logs, alerts, alarms, and built-in video visibility.
- Support cleaner schedules, staff time clocks, and multi-zone operations from one platform.
- Enhanced cybersecurity protection

TAILORED SOLUTION FIT

- Use RFID, biometric, QR, or authenticator credentials for members, guests, staff, and temporary access.
- Apply occupancy-led HVAC, lighting, ventilation, and power control to lounges, halls, and sports areas.
- Set room or event capacity limits that automatically stop additional entry when full.
- Integrates physical and cybersecurity to plug security loopholes

CORE PLATFORM CAPABILITIES

- Offline edge intelligence keeps credentials, schedules, logs, and automations active when internet service is unavailable.
- Unified control joins access, workforce tracking, HVAC, lighting, sensors, alarms, alerts, and video-aware visibility.
- Real-time occupancy plus sensor data supports 25%+ energy-saving potential by acting before spaces overheat or sit empty.
- Blocks local login attempts if not onsite as determined by physical access control

AI DATA ANALYTICS / APPLICATIONS

- Workforce Deployment: Track catering and bar staff shifts using biometric clock-in logs.
- Facilities Optimization: Automate member check-in checking using RFID, biometrics, or digital QR codes.
- Predictive Maintenance: Secure high-value AV assets and wine cellars with biometric access control and logged entry data.

LAUNCH PATHWAY & STRATEGIC OFFER

Launch Angle: Create a club backer tier for member access, event room caps, after-hours shutdown, and staff/cleaner schedules.

Recommended Offer: Use ACTatek to make club operations simpler, safer, and more energy efficient.
