

Harry Potter || Regulus Black x James Potter || Anything Can Happen || Open Rp

Song Inspired: Bruises Lewis Capaldi

Regulus had laid his head back, as he sighed softly before rolling over but only to come face to face with an awake James Potter looking at him. "You do realize James, that Sirius is going to kill you right?" He looked at the older boy that had laid next to him in the bed as Regulus rolled his eyes before shoving him slightly before he sat up and he ran his fingers through his now messy curly black hair as flashes of memories came to his mind of what they had done last night. He chuckled before he got up from the bed as he went to get dressed in a long black sleeve sweater since he was always cold in the morning and some black skinny jeans before looking over at James, his boyfriend, "Don't you have quidditch this morning sir?" He chuckled seeing his face pale before Regulus shook his head as he thought that James was never late and this might be the first time that he is.
