

Do each of these in order.

1. Put a heading on a piece of paper (Name, Date, Spelling, Pre-Test, your number)

2. Number it from 1-20, you **DO NOT** need to skip lines between the numbers.
3. Take your practice test one word at a time. **Type the word, then write it on your paper**, then go to the next word.
4. When done, submit and **put a line through** each word you missed in pencil and **re-write** the word correctly next to it.
5. Then look at the chart by our calendar and see which list you are on. Add it to our ["What Spelling list I'm on Chart."](#)

0-3=D

4-10=C

11-15=B

16-20=A

6. Now [write your new list](#) to the right of the pre-test words.
7. **Come show me** your list.
8. Put it **behind the spelling tab** in your team binder.
