Samvera Announces New Website Showcasing the Hyku Open Repository Solution

The Samvera Community is excited to announce the launch of the redesigned Hyku website: https://hyku.samvera.org, a key resource for institutions looking to adopt and implement open-source repository solutions. Designed with ease of use in mind, the website offers streamlined information about Hyku's innovative repository features, community resources, and implementation guidance.

Hyku is a digital repository that provides a robust and flexible platform for institutions to manage, preserve, and provide access to digital content. It continues to be a go-to choice for libraries, archives, and cultural institutions seeking flexible and scalable digital asset management. The new website reflects Samvera's commitment to making Hyku open and accessible, providing valuable insights into its technical architecture, adoption models, and integration capabilities.

Key Highlights of the New Website:

- Comprehensive Overview: Users can explore detailed information on Hyku's core functionality.
- Demonstrations and Success Stories: Featuring real-world examples of how libraries and other institutions are using Hyku to preserve and share their digital collections.
- Community and Collaboration: Learn how to engage with the vibrant Samvera and Hyku communities, including opportunities to contribute to development and share user experiences.
- Resources for Developers and Administrators: Extensive documentation, technical guides, and API information to support seamless Hyku implementation.
- Simplified User Experience: Intuitive navigation to ensure that visitors can quickly access the information and support they need to get started with Hyku.

Hyku has been a transformative tool for digital repositories, and this new site will enhance its usability for both new adopters and experienced users alike. Institutions can now more easily assess the value Hyku offers in preserving and providing access to their digital collections.

For more information and to explore Hyku, visit the new site at https://hyku.samvera.org.
