Progress Reports & Learning Model Survey - IMPORTANT

The beginning of the 2nd quarter is October 20. It is coming quickly...Please finish the quarter strong...

On **Monday and Tuesday**, we will be sending home three documents that must be returned:

- Progress Report (signed)
- 2nd Quarter Learning Model Survey (signed)
- Handbook Form (signed)

The district is allowing families to make adjustments regarding how you attend school (i.e. 5 days a week, MWF, or TTH) in the 2nd quarter. In order to help families make the best decision, we are sending progress reports home with students.

Bring these back to school ASAP.

If a student does not return the signed progress report and the Learning Model Survey, then a **student will be expected to attend Monday-Friday** (until it is returned).

Your grades are important to us. Graduation is important to us. Many students are doing well. Some have to work diligently next quarter to pass. Let's all do our part!

Remember to Follow Protocols

As we work diligently to overcome the pandemic, it is important to rethink possible illnesses. In the past, it would be common to "tough it out" and wait a few days before going to get checked out. With COVID, it is important to be careful. At the beginning of signs, please stay home. Get it checked out through free testing. We need to work together to stop the spread.

I am proud of our students and how we wear masks, wash hands, etc. We will get through this.

What to do if someone tests positive for COVID

If you recently tested positive for COVID or if you have been recently exposed to someone who has tested positive for the virus, it is important to complete the form at the link below.

- You will click the link on the upper left if you tested positive.
- You will click the link on the upper right if you were exposed to someone who tested positive.
