Then rest Beliung. We did a great job defeating Reramos. We have freed Windara.

Taufan hugs so warmth...no... this is BoBoiBoy hugs... and Kuputeri.....? Mom...?

Maripos: Your Highness

Maripos approach to Kuputeri who cradles the pass out elemental user boy who has just reverted back from his 3rd tier power; The Tempest a.k.a Beliung.

Kuputeri laid down the sleeping boy. Scars and bruises could be seen all over his face and body. But what worried her the most is the cracks that have formed on his face, retreating back leaving no marks.

Kuputeri uses her healing ability to cure the boy. Under her breath, she whispers, "BoBoiBoy... I hope you can control your 3rd tier element. I know you are strong. And you have your friends for you to depend on.

And my dearest Beliung. I know you could hear me and I hope you and BoBoiBoy can work together as how we both were.” She gave a small kiss on Boboiboy's forehead.

Angin! Taufan! Beliung! Thank you for becoming my elements. Now I let you free my gentle breezes. Together with the person I trust.
