

Ebb & Flow Usability Testing Links

Date: August 25, 2019

Tasks

1. Add Integrations

One of your teammates recommended a new app called *Ebb & Flow* to stay organized. Add Slack and Asana to the dashboard to view new messages and tasks. Then let your team know that you've completed the Cookie Pie Dieline task.

2. Add a New List and Tasks

Create a new list and add a few tasks from today's dev team meeting. Check off your first task.

3. Change Slack credentials

You received an email that your work has updated your email address domain and Slack is no longer connecting to *Ebb & Flow*. Update your username and password to make sure you receive new updates.
