

**Subject line: Siddharth Make Your Email Reach Amazing Resultats**

Hi Siddharth,

I took a look at your website and jumped right into your free guidebook on training & nutrition as a gift

Your content on bulking and nutrition is **fantastic**.

However, I noticed something about your email list though.

Now, here is the exciting part:

I created an **email sequence** for your guidebook that you can use if you like it.

Here is the link: **email sequence!**

If you find that sequence helpful, I'd love to jump on a quick call to discuss some other key insights I've come across. I believe these could be incredibly beneficial for you!

Warm regards,

Adi
