Frankenstein Chapter 10-15

Chapter 10

1. Victor goes on a long hike to a mountain peak. Describe the effects on Victor's mind and body. What changes this mood suddenly?

2. In Chapter 10, we hear the first words of the monster. I was surprised when I read it. What surprised you?

3. What does the monster want and what does he threaten?

4. During the discussion, the monster says a UT about life after he asks Victor, "Have I not suffered enough? What is the UT and what does he mean?

5. What biblical allusion does the monster bring up in this chapter? Explain it.

Chapter 11

1. We see in this chapter that the creature is a Romantic too when he first went out in the world. How so?

2. What is the reaction of the first people who see the creature? What does this say about society?

3. The creature comes upon a family. What does he think of the old man and what new emotions come forth in him?

Chapter 12

1. In this chapter we see some social commentary about society, poverty and family dynamics. What is it?

2. It is now spring in the book. What effect does it have on the monster, the family and symbolically?

Chapter 13

1. In this Chapter we are introduced to a new character named Safie. Who is she and what is her effect on the family and the creature?

2. How is the monster educating himself?

3. The monster's education teaches him a UT about man. In the paragraph that starts, "These wonderful narrations inspired me." What does he learn?

4. Lots about feminism in this chapter. List some.

Chapter 14

1. This chapter is all about Felix and Safie. It presents a lot about society, feminism and politics. Briefly tell what it's about.

Chapter 15

1. The creature is reading many things. BUT what does he read of Victor's that really affects him and makes him feel worse than Satan?

2. It's now winter in the book. What ends for the creature here?
