

Privacy Policy

Effective Date: August 28, 2025

1. Introduction

Welcome to **PDF Scanner**. Your privacy is important to us, and we are committed to protecting your information while you use our app. This Privacy Policy explains how your data is handled when you scan, sign, or manage documents within the application.

2. Data Collection and Use

2.1 Personal Data

PDF Scanner does **not** collect, store, or share any personal information or scanned content. All documents, scans, signatures, and OCR text remain on your device under your full control.

2.2 Diagnostic Data

To improve app stability, we collect non-personal crash reports and performance data via **Firebase Crashlytics**. This information is used strictly for technical troubleshooting and app enhancement.

3. Document Handling

All files created, scanned, or signed through PDF Scanner are stored locally on your device unless you choose to export or share them via email, cloud storage, or other third-party services. We do not have access to your files.

4. Third-Party Services

We may use trusted third-party services (such as Firebase Crashlytics by Google LLC) for analytics and diagnostics. Any data processed by these services is subject to their own privacy practices.

5. Data Security

We apply reasonable technical and organizational safeguards to ensure that crash data and local files are protected against unauthorized access, loss, or misuse.

6. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Significant changes will be communicated through an in-app notice or update. We recommend reviewing this page periodically to stay informed.

7. Contact Us
