Microchip Number: _____

Registration Number: _____

The Puppy (collar color _____) is guaranteed to be in good health, to the best of Seller's knowledge, at the time of possession taken. After possession is taken, the puppy will be solely in the care of the buyer.

Monies are to be paid in FULL on or before the day/time of pick-up. Puppy will not be released until final payment is made. If Buyer cancels any payment after receiving puppy, Buyer will be fully prosecuted the extent of the law. The buyer will be responsible for all legal fees plus all costs incurred during litigation regardless of fault or outcome.

*Items included with the puppy: AKC Registration, Vaccination records, Microchip information, Sample food.

1. Three-day Wellness Guarantee Period

Seller has instructed the Buyer to have the Puppy checked by a licensed veterinarian within three (3) days of purchase. If the veterinarian finds anything that is life threatening or substantially threatens the quality of life of the Puppy, it will be exchanged for another puppy of equal value, if available, or a puppy from another litter will be given as soon as it is available, provided a letter from the examining veterinarian is offered as evidence of the Puppy's illness, and the Puppy is returned within the guarantee period (or acceptable arrangements have been made with the Seller). Common puppy ailments, such as giardia, parvo, clostridia, coccidia, worms, mites, fleas, ticks, are not covered in this guarantee. The puppy has been examined at 8 weeks of age by Seller's vet and all common puppy illnesses/issues have been addressed and preventative measures taken.

Any signs of depression, lethargy, lack of appetite or desire to drink water, diarrhea (particularly with blood and/or mucous), or vomiting must be reported to the breeder and your vet immediately.

2. Four-Month Puppy Protection Period

Buyer understands that Seller has instructed Buyer not to take Puppy to public places (including, but not limited to, parks, neighbors', puppy classes/training, etc.) frequented by other puppies or dogs until the Puppy has received its final rounds of shots (to be determined by a licensed veterinarian, usually 16 weeks of age). This is for the health of the Puppy and to avoid contact with areas where infected or un-vaccinated dogs may have been or may be present with such illnesses/bacteria/fungus causing parvovirus, giardia, clostridia, coccidia, etc. This is to protect the puppy and could save the puppy's life. Any illness contracted from the Buyer's decision not to follow these guidelines will void this guarantee.

3. Twelve Month Guarantee Period

What is covered

Basic warranty: Seller guarantees your dog for 12 months from the date of birth for:

- Genetically caused hip or elbow dysplasia, providing the puppy has not been overweight, exposed to unhealthy environmental conditions, trauma, abuse, or had any physical injury or issue whose cause is unknown or may have an environmental link.
- Eye Disorders. Congenital defect of the eye causing progressive blindness in one or both eyes and/or requiring surgery or ongoing medication, as diagnosed by a Veterinary Ophthalmologist. Proof is to include copies of diagnosis and treatment documentation from a Board-Certified Veterinary Ophthalmologist.
- Cardiac (heart) disorders requiring surgery or a heart disorder requiring life-long medication diagnosed by a Board-Certified Canine Cardiologist.

What is not covered

This warranty does not include viral illnesses, bacterial or viral infections, improper bites, hernias, hypoglycemia, worms, giardia or coccidiosis. It also does not include any illness due to the ingestion of foreign objects, food, plants, chemicals or other items, physical injury or issues whose cause is unknown or may have an environmental link or illnesses from unknown causes that are not preventable by genetic pre-screening, including, but not limited to, cancerous growths. Not included in this guarantee are health problems arising from trauma, abuse or failure to maintain general healthcare of this dog, including allowing the dog to become overweight. Also not included is injury to joints or bones from over-exercise. Since current veterinary science

shows that dysplasia is more a product of nutrition and environment than genetics, dogs that are at any point overweight or that incur injury to bones or joints from over-exercise or exposure to improper or harsh environments are explicitly excluded from warranty of hip or elbow dysplasia. Veterinary records must be provided to the Seller if requesting a puppy replacement. Under no circumstances shall the Seller be liable to the Buyer or to any third party for a dog that has been subjected to abuse, accident, negligence, or misuse.

4. Buyer's Responsibilities, Buyer agrees to:

- Feed quality dog food.
 - Maintain the dog in good health.
 - Provide routine preventative healthcare including, but not limited to, inoculation, parasite control, monthly heartworm prevention, and other preventative medication.
 - Not allow the dog to become overweight or over-exercise.
 - Not subject the dog to harsh environmental conditions, including, but not limited to, sleeping on concrete or other hard surfaces or prolonged exposure to extreme temperatures or extreme weather conditions.
 - Not be kept outside overnight.
 - Provide at a minimum basic obedience training.
 - Not to rehome the dog without first contacting the Seller. • Never turn the dog over to a shelter or rescue.
- *Never under any circumstances allow the dog to breed, whether accidental or intentional.

Failure to follow any of the above voids any guarantee from the Seller and may subject you, the Buyer to forfeiture of your dog and/or monetary loses.

5. Spay/Neuter Agreement

If Buyer is going to spay or neuter the Puppy it is recommended not to be done until after the puppy has matured and reached over 12 months of age. If the buyer decides otherwise, then any related complications that may arise are not the responsibility of the seller. You are to never allow your dog to breed.

6. Re-Homing

If an unforeseen situation arises such that Buyer is unable to continue to keep the Puppy/dog, Buyer agrees to contact Seller immediately and return Puppy/dog to Seller. If Seller takes possession of the Puppy/dog for rehoming, no monies will be given back to the buyer due to continued care until rehoming is complete. Puppy/dog will be relinquished back to the seller for proper re-homing to an approved home. Seller offers this rehoming so that **NO** puppy/dog bred by Seller ever ends up in a shelter or in an unapproved home. Failure to comply with this voids warranty and could result in the Buyer paying for all monetary obligations to the Seller so that the Seller may gain custody of the said puppy/dog. Under no circumstances should the puppy/dog be rehomed without first consulting the Seller.

7. Non-Transferable

This guarantee is not transferable and is between the Seller and the original Buyer only.

8. No Other Warranties

It is further understood and agreed that no other warranty or representation has been made with respect to the described Puppy except as set forth herein. If Buyer is unhappy with the puppy they've purchased for any reason at all, there will be no refunds. A replacement puppy may be given by Seller, solely at the discretion of the Seller. By signing this agreement, Buyer waives all legal rights to sue or take any other legal action against Seller, company, or any entity for any reason.

9. Entire Agreement

This Agreement represents the entire Agreement between the parties and there are no other agreements, express or implied, unless included in this Agreement in writing, signed by both parties.
