

## **MBCA ALL-STATE SELECTION PROCESS 2025-2026**

Members of the MBCA's Polls & Rankings Panel also serve as members of the All-State Selection Committee for their classes and genders coached, and also represent the eight regions from around the state.

These coaches have been selected by the MBCA Regional Representative in that area to represent their region for state rankings and for all-state voting purposes. The names of these coaches are not made public to prevent any efforts of undue influence or other manipulating factors.

The All-State Selection process begins with All-District selection and players earning this honor.

**Nominations from coaches of a player for All-State consideration will not be considered.**

The All-State Committee uses (but not limited to) the following information when selecting players for MBCA All-State Honors:

- Voting Committee member's input who is representing the region of a considered player
- MBCA All-District voting results
- A considered player's regular season statistics
- The regular season, postseason, and strength of schedule of a player's school being considered
- If a considered player received MBCA All-State honors in previous years

Only 20 players from each class and gender will receive MBCA All-State honors (no ties for 20th place).

Committee members will select ONE player from each class and gender for Player of the Year.

Each All-State Committee will meet in-person at an undisclosed location to vote for All-State honors.

- Classes 1-3: at approximately 9:00 or 10:00 AM on the Saturday of the Show-Me Showdown I in Columbia
- Classes 4-6: at approximately 9:00 or 10:00 AM on the Saturday of the Show-Me Showdown II in Columbia
- Each committee will select twenty players for All-State honors.
- Once all names and spellings have been verified, all All-State Teams will be released to the public on the Wednesday following the conclusion of the Class 4-6 Final Four.
