

# BATAAN PENINSULA STATE UNIVERSITY-ORANI CAMPUS

Office of the Dean of Instruction

## I.6.1 symposia, seminars, workshops, professional lectures;

The Bachelor of Sports and Exercise Science (BSESS) program at BPSU Orani Campus actively supports student and faculty development through a wide range of symposia, seminars, workshops, and professional lectures. Academic symposia such as the Annual Sports Science Symposium and the Student Research Colloquium provide platforms for sharing research, innovations, and best practices in the fields of sports, exercise, and allied health sciences. Seminars are regularly conducted to update participants on current trends in exercise prescription, sports psychology, and ethical coaching, often in collaboration with health agencies and professional organizations. Hands-on workshops are also a core component of the program, offering students practical training in functional movement screening, injury prevention, strength and conditioning, as well as CPR and emergency response in partnership with institutions like the Red Cross. To further enrich academic and professional exposure, the program hosts expert-led lectures through initiatives such as the Visiting Professor Lecture Series and the Sports Icons Talk Series. These engagements aim to inspire, inform, and prepare students for diverse careers in fitness, coaching, rehabilitation, and sports education.

Sports science symposium with licensed medical doctors as the Professional lecturers
