Subject line: The J-Man Story: From a rapping monk to the Webinar King 🏰

"Jason Fladlien, local hip-hop artist and worshiper of Krishna, plays his drum on the Riverfront, where he often goes to relax and chant."

Wait...Is THAT Jason Fladlien????

*Nonono, that can't be true. Where are you up to???

If your heart rate goes up faster now than a NASA rocket to space...

and you sweat from nervousity...

Then before you unhead me with a guillotine like a war criminal, let me tell you **WHY** on earth I'm painting in front of you that picture.

Firstly, the quoted text originates from Muscatine Journal and was written by Melissa Reginnitte **IN 2006!**

(Still don't believe me? Okay...there's shocking proof!

Muhahaha.)

Secondly, if a rapping monk can transform himself into a guy who's

- Best selling author
 - "One to Many" is the best selling book of all time on pitching webinars
- Master Strategist
 - Jason positions the subject and the content of every piece of marketing WAY DIFFERENTLY than everyone else.
- Webinar King
 - Top business experts pay Jason big bucks to help them craft their webinars

Then you have the chance too!

Remember, the control is always in your hands.

Your life is more than 100% of YOUR responsibility.

No matter how far along you are, this is the missing ingredient to transform yourself into your own superhero like J-Man.
