

EZ SCHOOL APPS - MEAL PROGRAM ORDERING AND SERVICE MANAGEMENT

We are excited to welcome you to our lunch ordering system, which streamlines our meal service at WISH. We have been working with EZ School Apps to offer a more efficient way of ordering meals and managing student order records. This platform will also expedite meal service lines at school! Our serving staff will scan student barcodes, which will quickly retrieve the pre-ordered meal for your children, ensuring our service line runs smoothly and error-free.

We have initialized the process of creating all student and parent accounts to expedite the registration process for families. You will access your accounts using the primary contact EMAIL address you have on file with WISH.

Step 1: Access EZ School APPS ;
www.ezschoollapps.com/ParentLogin.aspx

Step 2: Select forgot password

Step 3: When prompted, use the primary contact email address you have provided to WISH.

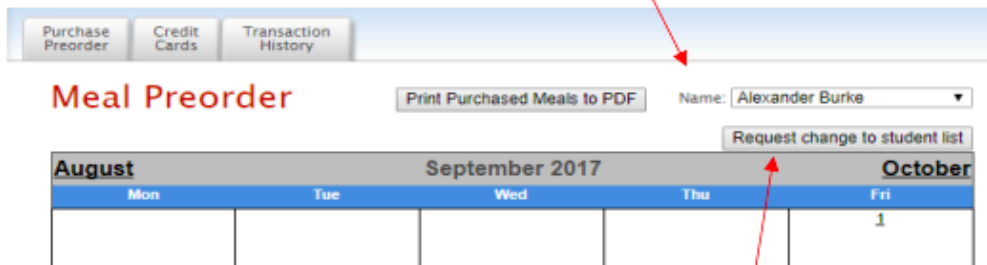

Step 4: Check your email, and use the link to set up the password.

If you receive an error message stating that your email address has not been found, please notify Adria Cook at acook@wishcharter.org as soon as possible so that we can update your contact information in our system.

We are excited to have you join the WISH Community, and we are here to help you every step of the way! We are in this TOGETHER!

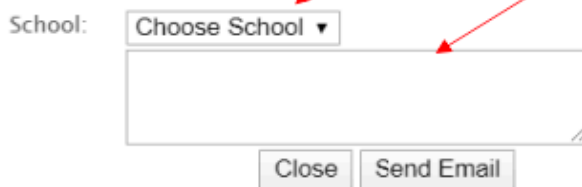

How to Request a Student Connection

Once you log in you can check your student connections in the dropdown menu

If you find that you are missing a student, please click the “Request Change to Student List” and follow these steps

1. In the following popup please select your school and type the student name(s) in the box below

2. Then click “Send Email”, this will inform the school that they need to adjust the student connection
3. Lastly all you must do is wait. Your school will connect your child for you

How to Pre-Order Meals

1. If you have multiple accounts to order for, use the dropdown to select the correct one. **Make sure the name matches the student you are ordering for**
2. You can change the month by clicking on the month before or after.
