

Intro

- The Sandersonian Institute of Cosmere Studies
- Episode 170
- September 9, 2024

Introductions

- I'm Bill, and I am joined, as always, by my [] co-hosts, Amy and Jordan.
- Before we get started, we want to remind you that *The Sandersonian Institute of Cosmere Studies* is *not* a spoiler-free podcast. That means that if there is something in the Cosmere you haven't read and are worried about hearing spoilers, you might want to go read those first, then come back and join the discussion.
 - The chapters keep on coming! We're continuing our read of the preview chapters that Brandon's been releasing for the past several weeks! He's been doing about two per week, so this week we've got four to discuss: Chapters 10-13.
- For those of you who listen to the podcast recordings or watch the videos on YouTube, we'd like to remind you that it's possible for our listeners to interact with us live via chat as we record each episode at www.youtube.com/cosmerestudies. We record episodes of The Sandersonian Institute of Cosmere Studies every other Monday night, starting at 7:30pm Pacific time, 10:30pm Eastern, so please join us and take an active part of the discussion!

Thank Patrons

Bill

I'm going to promote another podcast that Jordan's running called *I Think We Overleveled*. Essentially, it's him and a bunch of college buddies (myself included) just reminiscing (and

complaining) about “the good old days” of gaming. Basically, a bunch of middle-aged nerds just geeking out together.
