- Park at town garage go up old #11 road to end, schultz trail straight ahead then right on Macia hill right on Osgood right on stonybridge,, down covey road, left on old #11.about 8 miles
- Another loop go down past elementary school, turn right on Maple tree lane, left on woodshollow, left on Phelps rd, left on brookside. About 6 miles
- Schultz maybe closed until memorial day.
- Roads are so busy but you could do brookside, maple tree, right on woodshollow left on manly, left on old stage, left on woodshollow, down Phelps to brookside. My guess that is close to 8 or 10 miles
