

How this apology conversation should've gone

MC...

Did you leave?

I'm so sorry, I fucked up. Can we talk, please?

I know I hurt you...

Damn well, you did!

MC, please let's talk.

What is there to talk about?

I wronged you and hurt you.

Okay, then tell me why I am hurt.

Tell me what you did wrong.

I failed to be a responsible Dom.

I failed to ensure your safety and I went too far.

You abused my TRUST, is what you did!

You are the one who came up with this bullshit contract! You are the one who is the "experienced Dominant", you are the one who kept reminding me how to use the safewords.

And when I use them, you FUCKING IGNORE THEM?!

You are right, MC, I was completely wrong.

I do not know what came over me to not acknowledge your safewords, and this is absolutely not an excuse and doesn't change what I did.

I feel so bad to have failed so miserably and hurt you and your feelings. I understand now that you had entrusted me with your safety and I'm the one who harmed you.

It's the worst thing that could ever happen and it's unforgivable.

Yes, it fucking is.

I can't trust you anymore. And you know the worst in this sorry mess? It hurts bad to not be able to trust you, because I cared about you and I thought you cared about me.

I do care about you, MC!

And that's why it's agonizing to realize I did that to you. I cannot change what happened. I utterly fucked up and I have absolutely no excuse for that.

And to be honest, I do not know what I can do to earn your trust back, or even if I deserve a chance. But I genuinely care about you, I hope you believe me.

It's so hard, S/O. It's TOO hard.

You hurt me deeply. And I know I'm strong but I also need time to heal. I need time away from you and your bullshit to take care of myself.

I respect that it is your wish, MC.

As much as it feels like a stab because I sincerely want to redeem myself and mend our relationship, if there is anything left. But I know and understand it's on me. I caused this.

As much as I am angry now, I hope that you will take time to reflect on yourself and truly feel in your heart and your bones what you did wrong.

I will, MC. I am grateful for the time we have spent together and I have only myself to blame for how it ends now. But I will be there if and when you are ready to talk to me again.

Goodbye, S/O.

Goodbye, MC. Again, I'm sorry.
