

Re-sends

2024

January 4 - [@samstuff](#) - I PM'd. She said that she didn't receive Jessica P's "Important Women" deco FOB 255-070. I mailed it in October 2023. I then updated the FOB database and let Jessica P know the deco is missing. I mailed a re-send deco for [Collaborative Swaps: Small Deco #351040](#) on **January 11** PM'd samsstuff to let her know. **January 12** - samsstuff replied and she tells me her mail has been stolen twice during the holiday season. **January 22** - I have not heard from samstuff about whether she got the re-send. I have not been rated yet. **January 31** - Still no rating and no PM from samsstuff. **Feb 3** - the resend arrived and got rated.

June 19 - [@ArtsyKarma](#) - her deco didn't get to me so I asked for a re-send. ArstyKarma flaked and it turns out she's had multiple profiles. She was [@mattilda](#) [@Vajrayoginiis](#) [@Tara](#) [@HeatherKM](#) [@hkm1979](#) (Sacramento, CA).

2023

December 2023 - [@gamanana0022](#) - CPG-N: Pass & Paste Postcard #350060 (USA/CAN). My new P&P PC didn't get to Gama. We waited 8 weeks. Sent a re-send postcard Dec 28th. It is Lobo816's homer P&P PC. Re-send received Dec 27. 🍊

December 2023 - sent a re-send to luluvision for HCSI: Stamp & Pass Postcard #12 on Dec 18 but the first finally made it after 2 months (8 weeks). We live only 9 hours apart but the postal system crawled along at a snail's pass. 🍊

August 2023 - [@Lealie](#) - PNS: Pass & Paste Postcard 3-6 sections #346487 - Unfortunately Jessica P.'s twinchie candy wrapper postcard didn't make it to Germany. Re-sent a twinchie P&P PC by/for LOB in Sweden. (Lealie has informed us that she was in a serious accident in September and has not recovered enough to return to swapping). [@Lealie](#) didn't return to swapping and now has 13 1-ratings. Update: She's back in 2025 and has recovered enough to make up her 1-ratings and is fully participating again.

May 2023 - [@Shoreart](#) - DB ♥: ESTABLISHED Decos 3/23 (Int'l - I've asked Shoreart for a resend. Received June 30 🍊

April 2023 - [@rkassman](#) - HMPC: Pass & Paste Postcard #342143 (Global) - PrairieKittin's homer pass & paste postcard never made it to rkassman's place of employment. I re-sent a new pass & paste PC which arrived May 9th. 🍊

April 2023 - @Tara for AMA: Mini Art Journal Go Round #9. DaisyNY's black paper MAJ deco. Mailed it out on Feb 26. Lost in the mail. Didn't get to Tara and the post office didn't return it to me. Re-sent a new MAJ with a neurographic cover. FOB221-033. Tara got the re-send May 10.

@Rrush19 for [AMA: Mini Art Journal Go-round #4](#). The MAJ was returned to me with a label that said the address was a problem, but the address turned out to be correct. So I repackaged it and mailed it back to rrush19. October 27. Received Nov 14.

2021

Happy to report that no re-sends were needed for the first 5 months, January to May 2021.

- User1664 - My [HMPC Tag](#) altered ad postcard didn't make it. Re-sent June 20. The re-send arrived, July 19. 👍
- Asert25 - My teal lilypads for [AMA: Monochromatic Mail Art - May](#) didn't make it. She was kind to accept the photo of the postcard that I snapped before mailing it. Since the pressure was off, it made it easier to create a new teal HMPC. Re-send mailed June 19. Asert25 got the resend on July 9. July 16--after floating around the post offices for 2 months, the lilypads PC came back to me. It was marked undeliverable. But it is so nice that my return address label worked. 👍
- AmookIslandCreations - September 14 - the Go-Round zine for swap #3 didn't get to Amook Island. I remembered that I had scanned the original zine before mailing it and could print up a copy to keep the round going. Re-send arrived Sept 28th. 👍
- chimerix - November 7 - She did not receive my AAA: Sender's Choice #322349 ATC so I sent another ATC along with the AMA: ATC coin #323633 swap (she was my send-to partner again). Received and rated November 19. 👍
