SAND Staking program for LAND owners | [Twitter](#)

Introducing LAND owner exclusive SAND staking on Sandbox

Sandbox announced today that they have introduced a new staking medium for land owner. The [decentralized gaming platform](#) developed by players made this known today through their Twitter account. This new development in the gaming ecosystem will enhance land owners exclusive rewards.

The [Sandbox Game](#) is a community of players where content creators and artists monetize voxel assets on the platform. With over 140k cool avatars, you can play any game of your choice on Sandbox and earn as many NFT as you can. You can also bring your NFT to life by influencing your gaming experience on the blockchain.

In this article, you'll get to learn everything you need to know about the new staking mechanism.

The Sandbox Game

As implied by the name, Sandbox is a platform with \$SAND as its main utility. With the platform's unique [digital currency](#), you can buy and sell assets, most especially lands in the Sandbox metaverse. It changes the gaming experiences on the blockchain, making it inclusive, even to land owners.

[Non-fungible tokens](#) (NFTs) are digital assets that are specially minted on the blockchain. Their unique features and characteristics include authenticity, privacy/security, and immutability. Not only are they non-interchangeable, they are indivisible and only grant the true owner the in-game use.

Twitter officially integrates NFT... | [Tweaktown](#)

Furthermore, NFTs are the next big thing in the metaverse and the web3 gaming space. There are now [picture for profile \(PFP\)](#) NFTs and different gaming models that make use of NFTs to reward players. Several platforms are now permitting the use of NFTs and other digital currency to validate payments and transactions.

Sandbox gaming platform also rewards creators with [its currency](#) when they participate in the available game. There in the platform, you have access to "a land" which is a portion of the Sandbox metaverse. This portion offers users direct access to exclusive contents. Aside that, players stand the chance to monetize their arts and creation on the metaverse.

It is also a community-driven platform where you can invite friends, host virtual events, and build your [blockchain experience](#). With the new development, you can now explore a more broader staking option as a land owner. Let's look at the new staking mechanism and how do you come in as a land owner.

By staking sand, land owners will stand a chance to get rewarded with an exclusively [high APR rewards](#).

Land Owners Exclusive Sand Staking

When it comes to the blockchain and [metaverse](#) as a whole, the significance of land owners cannot be overemphasized. They are simply a part of a whole system that thrive in the digital space. They not only own portions of the metaverse, they also come together to build a digital community.

\$SAND | [Sandbox](#)

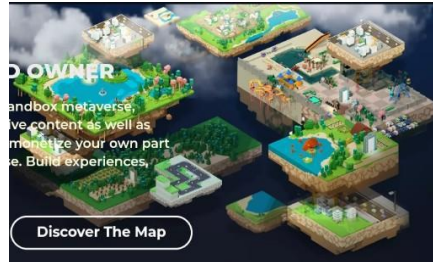

New developments and beneficial programs like this will not cease to motivate and inspire them to do more. Since everyone across the globe comes together on the metaverse to create a future in contents, entertainment and art. The new staking program is in a bid to bring additional values to [Sandbox land owners](#).

Prior to the introduction of this new mechanism of staking, the last innovation was [land multiplier](#). This feature allows land owners to create multiple quantity of their land on the SAND staking program. To participate in this new program, it is a prerequisite that you own at least one LAND on the platform.

With your land, you can speculate on 500 SAND on your land and this is not limited to any quantity. You can stake as much SAND as the LAND in your [digital wallet](#). Below are the major key points of the new development as well as the perks and benefits that comes with it.

- The staking option started on September 22 at 4:00 PM UTC and the rewards became available an hour after (September 22, 2022 at 5:00 PM UTC).
- You can potentially earn a high APR as a LAND owner by simply staking your SAND tokens (\$SAND)
- The new option is exclusively open to land owners on the Polygon network.

- For the first twelve weeks, you stand the chance to get 250,000 SAND rewards every week.
- The more LAND you own in your wallet, the more SAND you can stake. Minimum cap pegged at 500 SAND on every LAND.

LAND | [Sandbox](#)

- SAND earnings available for claiming and withdrawal once in a week
- [Smart contract](#) doesn't come into LAND staking with this new model.
- The platform's immutable feature help you keep record of your transaction. The system automatically detect LAND transfers and the report of each transaction will be made available to you.
- Being a land owner on the metaverse now rewarded. Land is noore a liability in the digital space.
- Further updates and announcement on the exclusive SAND staking offer for LAND owners will be available on the blog section of the platform as well as their Twitter and medium account. Stay tuned for them.

Another important thing is that the new offer is just a gaming model, so it allows combining with the existing ones. You can utilize the available staking programs alongside this and increase your benefits and rewards during the long run.

- Earn SAND tokens by [staking SAND](#)
- Earn SAND toke s by [staking MATIC/SAND](#)
- Earn exclusive APR and lots of SAND by staking SAND as a land owner

Issues Arising

Do I need to speculate on my LAND to use the exclusive LAND owners pool?

No! You don't really need to speculate on the available LAND in your wallet before you can have access to the benefits that comes with the new staking model. The built-in system on the platform will detect your LAND transfers and count it as a contribution to the pool. This will stand in the position of entering the [smart contracts](#).

That being said, you can enjoy the existing, new, and upcoming features on the Sandbox platform. You keep your LAND ownership and enjoy all the perks and incentives that comes with being a land owner. For the staking contract address, you can [check it out here](#).

What next?

If you own a LAND in your wallet, go and try out the new staking mechanism. If you are not a LAND owner yet, all you need to do to join the exclusive offer is to buy one or more LAND on [Opensea](#). Apart from the new program, you can try out [SAND only Staking program](#) and the [MATIC/SAND staking program](#).
