1. Introduction

Indonesian Aquaculture Journal (IAJ) (<http://ejournal-balitbang.kkp.go.id/index.php/iaj>) is published in both printed (p-ISSN 0215-0883) and electronic (e-ISSN 2502-6577) versions. Currently, IAJ is listed as Category 1 Accredited Journal in the Decree of the Ministry of Research and Technology/ BRIN of Republic of Indonesia (RISTEK/BRIN) No.: 85/M/KPT/2020, Date April 1, 2020 and Accepted in SCOPUS, Date Sept 23, 2019. The accreditation is valid for five years from Volume 14 Number 2, 2019 to Volume 19 Number 1, 2024. This journal is published twice a year (June and December issues) with the first IAJ edition published in 2006.

Indonesian Aquaculture Journal is a peer-reviewed and open access journal based in Indonesia that globally/internationally accepts and publishes scientific articles in the field of aquaculture. The journal is hosted and managed by the Center for Fisheries Research, Indonesian Ministry of Marine Affairs and Fisheries and serving as a scientific platform to share research information in and contribute to the development of various disciplines of aquaculture including genetics, reproduction, nutrition and feed, fish health and diseases, engineering, and environmental assessment.

Only manuscripts with research contents that are in line with the focus and scope of the Indonesian Aquaculture Journal will be selected for further reviews. All selected manuscripts are then verified by the journal's editors for writing format based on the journal guidelines and checked for potential plagiarism using plagiarism detection software (Ithenticate and Google Scholar). To comply with the Indonesian Aquaculture Journal standard on plagiarism, the authors have to include the signed Authorship Statement when submitting the manuscript (the form can be downloaded here). Decision admissibility of a scientific article in this journal the rights of the Chairman of the Editorial Board based on the recommendations of the evaluator (Bhaktavatsalam & Choudhury, 1995).

Title of the article should not contain abbreviations that are not commonly used. The main ideas put forward in advance a new article is followed by other explanation.

INTRODUCTION: Introduction must contain (in order) the general background, previous literature review (*state of the art*) as a basis for claiming a scientific novelty of the article, a statement of scientific novelty, and the research problem or hypothesis. At the end of the preliminary assessment purposes should be written the article. In the scientific article format is not allowed their review of the literature as well as in the research report, but expressed in previous literature review (*state of the art*) to demonstrate the scientific novelty of the article.

MATERIALS AND METHODS: Materials and methods contain the main ingredients used in the study and the methods used in solving the problems, including methods of analysis. The design and research methods must be clear so that it can be repeated by other researchers. When using the standard method must include the reference, and if the modification must be explained which parts are modified. Equipment that is written in this section only contains major appliances equipped with the brand (eg: electric Furnace (Carbolite)) and the degree of precision tools used.

RESULTS AND DISCUSSION: The results presented clearly and concisely, can be presented in the form of tables and figures, but not duplication. Narrative should explain tables and images. Tables and figures must be referred to in the text. This discussion contains scientific explanation supported by reference. Results and discussion should be able to answer the research hypothesis. Statistical analysis of the results and discussion should include the level of confidence.

CONCLUSION: The conclusion describes the response of hypotheses and / or research purposes. Conclusions not contain looping of results and discussion, but rather to a summary of the research results.

ACKNOWLEDGMENTS: thanks mainly devoted to research funders. Acknowledgements can also be delivered to the parties that support the implementation of the research and writing of the manuscript.

REFERENCES: All references are referred to in the text of the article must be included on the List of References. References should contain reference libraries derived from primary sources (scientific journals and amounted to a minimum of 80% of the total listed below) issued 10 (ten) years. A minimum reference list contains 15 (fifteen) reference. Writing in the referral system in the article text and writing a reference list using a reference management application program APA.

5. Free Writing Equations

Each equation is written centered and numbered columns are written in parentheses and placed at the end of the right margin. Equations should be written using *Equation Editor* in MS Word or Open Office (Primack, 1983).

6. Free Writing Citations / References In Text Articles

Each fetch data or quoted from other references, the author must write the reference source. References or citations written in the description / text by the author's name and the year (Irwan & Salim, 1998). If the author of more than two, then just write the name of the first author followed by "*et al.*" (Bezuidenhout *et al.*, 2009; Roeva, 2012). All referenced in the text must be listed in the References section.

8. Instructions Submit Manuscripts Online

Manuscripts should be submitted through one of the following ways (the second way is preferred):

1. Shipping manuscript preferably with *Online Submission System* in the E-Journal Portal Indonesian Aquaculture Journal (<http://ejournal-balitbang.kkp.go.id/index.php/iaj>)
2. The first author listed as author and / or Reviewers (checking role as Author and / or REVIEWER) on the "Register" or address: [http://ejournal-balitbang.kkp.go.id/index.php/iaj / user / register](http://ejournal-balitbang.kkp.go.id/index.php/iaj/user/register)
3. After Writer login as Author, click on "New Submission". Stages submit article consists of five stages, namely: (1). *Start*, (2). *Upload Submission*, (3). *Enter Metadata*, (4). *Upload Supplementary Files*, (5). *confirmation*
4. Under *Start*, select the *Journal Section (Full Article)*, check all of the checklist.
5. In the *Upload Submission*, please upload a manuscript file in MS Word articles in this section.
6. In the *Enter Metadata*, enter data all Writers and their affiliates, followed by the title and abstract, and *indexing keywords*.
7. *Upload Supplementary Files* in part, is allowed to upload files supporting data or affidavit or other documents.
8. On the Confirmation, please click "*Finish Submission*" if all the information is correct.

9. If the author difficulties in the process of submission via online system, manuscripts can also be sent via E-mail to email Editorial Journal Indonesian Aquaculture (iaj.puslitbangkan@gmail.com), however this method is not recommended.

10. Statement letter can be downloaded [here](#) .

9. Conclusion

Every article that is sent to the Indonesian Aquaculture Journal editorial office must follow the instructions of this writing. If the article is not in accordance with these guidelines, the writing will be restored before explored further.
