

Photos from the Chuckwalla - Turtle Walls - Beck's Hill Hike 3-4-23

We completed the Chuckwalla/Turtle Walls/Beck's Hill Loop on Saturday, March 4. Good turnout, and though the weather was cloudy during the whole hike, it was still pretty decent hiking weather. The red rock area around Chuckwalla is so beautiful that it was a wonderful experience and provided us with some great sights. Well worth the hike... Enjoy the photos!
