

The Dragon's Harem

//Gentle Music, Soft, Like a Lullaby

GUARD Keep it moving. This is your new home.

LIGHT Ah! The new boy, here my darling, here.

GUARD This one's nervous, but pretty, wouldn't mind a go myself

LIGHT Off with you scoundrel, the Dragon does not share his Whore-d!

//Guard grumbles away

LIGHT Oh my, you are a beauty! Welcome my child, I sense a prosperous future here amongst your brothers and sisters. Come, we do not bite.

Here we are devoted to the pleasures of the flesh, a paradise amongst an unclean world. You are to bathe and groom yourself daily.

You are to enjoy the sight, sounds and skins of each other, and when you are called upon, you are to please the master as he wills it.

You understand that to be here is the highest honour our race might climb to. See there, in the centre of the harem, the golden statue of our mighty lord - the Dragon God himself - gaze upon it and know every scale, for the time will come when you must worship it in the flesh.

Agracio

AGRA Yes Meister

LIGHT You are to show our newest concubinus to his sleeping quarters and show him how to bathe and clean himself properly, you understand?

AGRA Yes Meister

LIGHT I am the Meister of the Harem, come to me should you ail - sickness will not be tolerated. For anything else, Agracio will be your first brother. Now, away with you.

AGRA Yes Meister

Come, I show.

//Slow, drawling

Here sleep. Here fuck. Here bathe. If Master choose, he take here. Or here. Or here. Master choose. You follow. Good?

PLATI This the new boy?

OLIN He's pretty.

PLATI Not as pretty as me.

OLIN Oh I don't know, he has a charm

PLATI A charm?

OLIN A charm. A quiet quality - why should one ever have the need to talk when you have a Dragon's cock to occupy your mouth with

PLATI Bah, the master never comes. How long has it been? Weeks?

AGRA He is at war. He fight.

PLATI He's a Dragon God, who must he fight? This Aleron chap doesn't know a good thing when he sees one. I for one, much prefer the live of a Dragon's whore.

OLIN You'd be happy as a whore, Dragon or no.

PLATI You know me so well (kiss)

OLIN Come brother, join us won't you. Platinus has an excellent cock and an even finer arse. Join me, let's see how wide we can stretch him

PLATI Now you're talking my language

AGRA He is not shown. I must.

OLIN Oh bugger off -

LIGHT Boys! Girls! Gather! Quickly!

PLATI Ohhhh but we were just getting started -

LIGHT Hold your currish tongue Platinus, the Master has arrived unannounced.

OLIN The Dragon...

PLATI Happy day!!

LIGHT He will no doubt be weary and crave the tender touch of our bodies. You must show our lord the fine skill of our hands, the hunger of our mouths, the wanton craving of our spirits! You must not let him think for one second that we have forgotten him.

//Loud footsteps in distance getting closer

 He is here! Come, quickly now, as we have rehearsed.

//A bustle

AGRA //whispered/hushed// No look eyes, head down

//A wide and heavy door

//Loud footsteps, dragons breath

LIGHT My lord! It is a fine day when you grace us with your magnificence

DRAG Sweet pets...

OLIN Glorious isn't he.

LIGHT You are hurt, come we will tend you

DRAG I will mend. Save your tending to my desire

LIGHT Yes! Of course my gracious lord. Come, we have many fine boys and girls for your pleasure.

DRAG My sweet pets... come, do not be afraid... show yourselves to me

 Ahhh Olinaius, you have kept well I see

OLIN Yes master, I have longed to feel your breath on my skin once more

DRAG Mmmm, I have missed your quivering

OLIN Ahhh thank you master!

DRAG Who is this?
LIGHT Ah, our newest brother my lord, arrived not too long before your arrival here.

DRAG Mmmm

//The dragon cranes closer

//Internal// You... you are not like the others little lamb... do not be afeared, the others cannot hear me... I see into your mind and how curious it is... you are not really here are you?

LIGHT *(with worry)* Is everything to your satisfaction your grace? He is untrained, unwashed so to speak.

DRAG Him. I desire this one. Prepare a private chamber.

//We hear his lumbering shape disappear, heavy footsteps echo

LIGHT Of course... your highness.

PLATI Lucky sod.

OLIN I thought we would all play with the master!

LIGHT Hush afore the Dragon hear you and set you ablaze! *(Serious)* Come, child, with me.

We will prepare you as best we can... should you live to see the dawn, we will be grateful for it.

//Time passes

//Door opens, soft music fills the air.

DRAG Come, sit with me a while.

Do you not recognise me, little lamb? I thought this shape might better suit our purpose...

Oh yes... I am still that colossal being of fire and scale you saw, but bound in a form much... neater. I can change back if you desire but I fear I might leave you a bloody stain and I know meister light takes great pains to keep my Harem clean... Come. Sit. Drink. Be at ease. I will not harm you.

//Flump

Did it bother you? Me worming my way into your skull back there?
I am loathe to steal secrets, I prefer to maim than manipulate, but you - you're intriguing.

Why? Because you... are not you... Of course, you feel like it's you, but inside I sense... otherworldliness... spirits and souls joined in tandem, all of them converging... making one... all, it seems, for my enjoyment. Fascinating.

//Closer

I sense too your desire, little lamb... you have no doubt pleased many men prior to this moment but have you ever lain with a dragon, let alone a god amongst dragons? I think not.

You have very beautiful skin... all you humans do, whether dark or light, smooth or coarse... it is so much sweeter than scale... my father... when he was alive taught me the pleasures of the human body... he was of course devoted to but one, a prince of most miraculous beauty. Have you seen the beacons that line my kingdom? They are in memory of the "fire in his belly", or so they say.

Do my words confound you? Yes... little lamb. I am born of a mortal man such as you. But I am not a historian... I am a God made flesh and you, I judge, are worthy to worship.

//Sounds of squabble

Who is here?! Did I not call for a private chamber!

PLAT I am sorry your Grace, your most great and powerful - I came to fill your cup should you wish more wine

OLIN No! I had the idea first!

PLAT LIAR

DRAG Boys. Boys... there is no need to fight. Come to me.

PLA/OLI Yes Master.

DRAG You see... the devotion I inspire. My beautiful boys could not keep themselves away and what Master would I be if I denied them?

PLAT You are a shining light of power my lord!

OLI A god amongst maggots!
DRAG Sweet boys, remove my robe and drink

//The two eagerly begin to suck and kiss at the Dragon's cock

How sweet they are. How greedy. I should impale them for their vulgarity, teach the others a lesson, but how could I? When they tend me so devoutly.

What of you... little lamb... are you not tempted? There is a place for all at the Dragon's feet. Move to allow him entry boys.

There... open your mouth and stick out your tongue, there - right at the tip. Platinus, Olinaius squeeze either side and feed the boy, he is hungry.

BOTH Yes Master!

DRAG Feed. Lap at my seed. Show me your devotion!

//Blowjob continues

Platinus - turn around and spread yourself, show me your cunt

PLAT Yes Master!!

DRAG Olinaius, behind me - lick my rear

OLI Yes your grace!

DRAG And you... little lamb... go deeper.

//This continues

My beautiful boys... all of you, on the bed

Spread yourselves... and beg - I will gift my cock to the one who begs best

//They beg

So sweet, all of you. How am I to decide?

Hm. There's no true answer, you shall each have me.

//Magic

PLAT Oh! My lord! You are miraculous!

OLI Your power grows greater every day.

DRAG A parlor trick... three times the dragon... three times the fun.

 Now... let me feast.

D&P	D&L	D&O
Rimming	Rimming	Rimming
Fucking Hard	Fucking Soft and Low Gentle and Sweet Soft to Hard	Fucking Slapping Hate Fuck
Climax	Climax	Climax

DRAG Ha! I shall do that trick again

PLAT You are magnificent, oh high lord Dragon

DRAG Come, sweet morsels. Kiss the cock of your god in thanks.

OLI We are truly blessed, your grace

DRAG Yes, I suppose you are. You two, leave me now you have had your fill. Share my seed amongst your brothers and sisters if you must, the only company I require this night is with this one... we have much to discuss and uncover.

 Go, before my gentility leaves me.

OLI/PLA Yes master! We love you master!

DRAG And now that we're alone... I have a proposition for you... how would you like to ride upon a Dragon's back?
