

Hol4 Multiplayer for 9/9/16

Scheduling Info: The stream will start at 9 P.M. EST! Again, sorry for the my European viewers, I'm busy with work and class during the day before the evening, but I'll try to organize an EU-friendly session soon!

Sign-up and Rules: The sign-up below has all of the countries listed that I felt would be interesting/fun to have in the game. If either all the countries get taken or if you would like to play as a different country that is not listed, feel free to let me know and write put down that country + your name in the corresponding area at the bottom of the sheet!

For this session, we will be doing factions consisting of minors!

Also, please join my discord, as that is where the rules, victory conditions and voice chat channels are!
