

Sr. Thea Bowman Hall Windows

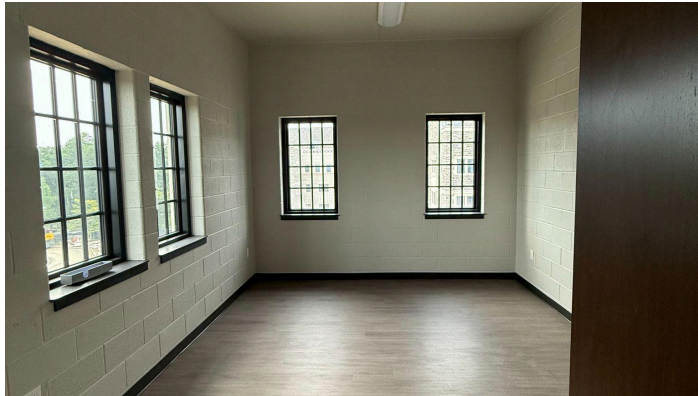

- **Windows measurements:**
 - 30 inches wide
 - 54 inches tall
- **Windows have roller shades**
 - If you intend to add other window coverings, they rod would need to mount on the outside of the window (command hooks or other means to hold the rod); or a tension rod could go below the roll
- **The number of windows per room varies**
 - Please see charts on pages below; please note floor number when checking the pages
 - The 6th floor has some variation in window placement; some rooms have “distanced” windows.

Single Occupancy rooms have 1 window	
2 windows	
3 windows	

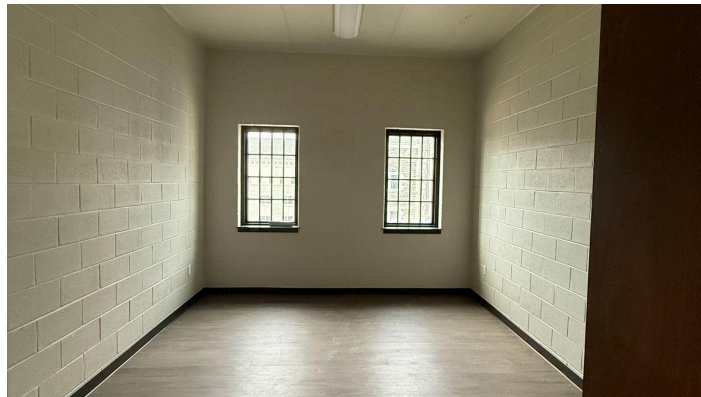

Corner room (4)
2 sets of 2 windows

Distanced Corner (4)
1 set of windows close together, the second set the windows are distanced from each other

Distanced 2
Windows are distanced from each other in this room style
