RE:	2025-2026 Fiscal Year End Deadlines

In preparation for the close of the fiscal year ending June 30, 2026, the following deadlines have been established to ensure timely review and submission of items and processes critical to closing the fiscal year. Carefully review the deadlines outlined below as they may have an impact on departmental planning and may differ from those in previous years. It is essential that departments supply the necessary information outlined below by close of business (5PM), unless specifically stated otherwise.

Late transactions or documents received after the deadlines or with missing information may not be processed by Tuesday, June 30, 2026, and therefore will be charged to fiscal year 2026-27 budgets. We encourage all campus departments and auxiliary partners to set calendar reminders for key deadlines that pertain to your areas.

As a reminder, unspent budget at year end within the University Operating Fund (HM500) is subject to the [University Operating Fund Roll Forward Guidelines](#). IRA Committee (TO140) and AS (AS100) allocations are one-time funding and do not roll forward. They are expected to be spent in the year they are allocated to the department.
