SPARK Enrichment After School Session 1

We are excited to offer your child an opportunity to participate in Spark Enrichment, an after-school applied learning program for students in grades 5-8. Sessions will run for 5 weeks from 2:50 p.m. to 4:20 p.m., with our **1st session starting September 24 and ending October 22**. School faculty and staff will facilitate these small-group classes. Students will have the opportunity to participate in a variety of activities available at the link below. We will accommodate any food allergies. **Caregivers will receive an email (using the email provided on the form) with the assigned workshop on Monday or Tuesday of the week workshops begin**. To take full advantage of this learning opportunity, students must commit to attending all five Thursdays. If your child decides not to participate after registering, please contact Jess Eaton so others can fill the spot. The after-school activity bus will provide transportation home for students who need a ride home.

The session dates are September 24, October 1, 8, 15, and 22. When registering, students can rank their choices for better placement! We will make every effort to place students in their first choice and ensure they do not repeat workshops unless spots are available. Please use this registration form and a list of workshop descriptions. Contact Jess Eaton (jeaton@cvsdvt.org) with any questions.
