

Name: Madeleine Doi

Major: Bioengineering

Year: 2026

Technical breadth: Mechanical and Aerospace Engineering

Plans after undergrad: Industry, Continuing Education; M.S. in Mechanical Engineering, then planning to work in R&D in the medical device industry

Lab: Maie St. John Lab (sadly no longer at UCLA :()

Advice for joining labs: Make connections with your professors! Go to office hours, express interest in their class and research, attend coffee chats, attend the quarterly URP research fair, etc. Also craft a strong resume, get feedback from upperclassmen, and ask upperclassmen already in labs to help make introductions.

Hobbies: I love playing basketball, hiking, and cooking/baking!
