

Data Structures - Fall 2021

Homework Assignment 00

Due: Aug 25, 2021 @ 6am uploaded to Canvas
Total Possible Points: 20

Submission Checklist:

- Are you submitting a PDF?
- Is your name somewhere **inside** the document you are submitting?
- Does the name of the PDF file match the format of *lastname-hw00.pdf*?
- Are any diagrams included in your submission created in a computer-based drawing application (as compared to hand-drawn and photoed using your phone)?
- Is all the code you include in a fixed point font such as Courier New or Fira Mono?

To complete this assignment, you'll need to make a copy in your own Google Drive account or download the file as a MS Word Document. Both of these can be accomplished from the File menu.

2. Make sure you've joined Dr. Fontenot's Slack Org AND the #21f-cs-2341 channel.

Link to join:

https://join.slack.com/t/fontenotsclasses/shared_invite/zt-uih0bf2v-iehyqSqfWOx29aVvt~g0ew

After you've joined, update the following parts of your slack profile: [5 points]

a) Upload a profile photo with a clear Head Shot. It doesn't need to be your ID picture, but it needs to be a clear picture of you. It helps everyone to associate names and faces.

b) Update your full name if it isn't correct

c) Update Display Name to the name you go by on a day-to-day basis

d) You can remove your phone number if it is present.

e) Make sure the timezone is set correctly.

f) On the section "what I do", put a witty response if you'd like AND **your Github username.**

From either your phone or your computer, take a screenshot of your Slack Profile that shows you've completed the profile steps above and paste it below.

Paste here:

Paste a separate screenshot that shows you are in the #21s-2341-general channel

Paste here:

For the following questions, please write 50 - 150 words per response. [3 points each]

3. With respect to coding, what do you feel are your strongest skills?
4. With respect to coding, what do you feel you struggle with the most?
5. What concerns you most with respect to success about this class?
6. Describe what you believe your learning style to be.
7. What are you most excited about for this class or this semester in general?
