

## Discovery Committee Meeting

August 1, 2017

Minutes

### Committee Chair

- Mark Noble nominated Beth Gallinger from the Flatirons Library consortium
- Beth accepted the nomination
- Jimmy Thomas will submit Beth's name to the Marmot Board President for approval
- A big "Thank you" to Jon Solomon for his years of service as the chair

### Sierra Upgrade Aftermath

- The recent release was Sierra 3.1 caused issues for Pika
- Due dates stopped being exported from the ILS
- This issue causes Pika to think that everything is checked out
- Marmot has some workarounds from Innovative/iii (Triple i)
- Workaround
  - Marmot can manually export the data, and run the index manually
  - Marmot has spoken with people all the way up the chain of command at iii about a fix for the issue
  - They have confirmed that a fix is not coming anytime soon (maybe months away)
  - R & D is at the point where they need to code an alternative solution
  - This could be done with Sierra DNA and exporting
  - The plan is to code a fix in the upcoming release
  - It will be deployed as a hot patch, as soon as it works

### [Priorities for Next Release](#)

Review of the status from the previous and current months.

#### Priority
