

Archbishop Jordan Catholic High School Grade 10 Registration 2025-2026

Hello Parents/Guardians of our Grade 9 ABJ Students:

Your Grade 9 student will be going into Grade 10 for the 2025-2026 academic year and to register them for their courses next year, you and your student will be required to set up a 'Google Meet' appointment with a Counsellor, Administrator, or member of our Learning Support Team to finalize course selections. **These meets will take place VIRTUALLY on Tuesday, March 18; Wednesday, March 19; and Saturday, April 5. We are also offering IN PERSON meetings on Wednesday, April 9 and Thursday, April 10 in the ABJ Library Learning Commons (first come, first served).** These appointments are designed to ensure that your student is not only preparing themselves to successfully attain an Alberta High School Diploma, but also to support their individual high school plan into whatever post-secondary initiatives they might want to pursue.

In preparation for this meeting, there are a few things that we will require of you.

- Students will be selecting their Grade 10 courses based on the **final grades** that they attained in semester 1 and their **current mark** in semester 2 classes, in order to ensure that they are registering for the appropriate courses. **Prerequisite marks are required for certain streams and you cannot enter a course without achieving the required prerequisite. We want to ensure your success in the next level of that course.** To view your marks, please check your PowerSchool account.
- We strongly encourage that you as a parent/guardian are present for the Google Meeting where we will be finalizing your student's registration. This will ensure that if any questions arise throughout the process, we can answer them then. If this isn't possible, please have the Course Selection Form signed acknowledging your consent.
- Here is the [2025-2026 High School Registration Form](#) Please either have a digital or printed copy of the Registration Form, or detailed notes of your academic plan accessible for your student at the time of your registration appointment.
For detailed descriptions of all core and options courses and academic requirements, please see the [ABJ 2024-2025 Handbook](#). An updated version of the handbook will be available in April.
- Please read the Registration Form carefully to know how many Full (F) Blocks of time and Half (H) Blocks of time students are required to register for, as **Grade 10's need a full timetable and are not permitted to have spares.** Please see the table provided below for a comprehensive layout of what your course selections should include.
- If you would like to see the fees associated with your priority option selections, a detailed breakdown of this year's current fees is available [here](#). Please stay tuned in late April for an updated fee listing posted on the school website under 'School Finances'. Generally, fees will not increase greatly.
- Students registered in **French Immersion** - please ensure that you are forecasting to have 35 credits in courses with French Language Instruction (FLA will comprise 15 of those credits). How you choose to manage the additional 20 credits can be tailored to your academic needs. Successful completion of 35 credits will ensure that students receive their Divisional Certificate of Completion in the French Immersion Program in Grade 12.

- If you would like to do some additional post-secondary research, we welcome you to look at ALIS, an incredible resource for high school students. It provides information for career planning, post-secondary education and training, educational funding, work search, occupational profiles, labour market trends, and much more! You can access it [here](#).

To aid with course selections, here is the suggested programming for the Grade 10 year. Our schedule is made up of 8 full blocks of time, 4 full blocks per semester. Cores take up a full block, most options take up a half block of time (although certain options take up a full block).

*Required to choose two alternate options	*Required to choose two alternate options	*Required to choose 2 alternate options																																																																																																															
Should have 8 Full Blocks of time scheduled for more than 40 credits.	Should have 8 Full Blocks of time scheduled for more than 40 credits.	Should have 8 Full Blocks of time scheduled for more than 40 credits.																																																																																																															
There are a few options that take up a full block of time, which would adjust the number of options a student is required to select.																																																																																																																	
Please note that if you are intending to take a 20-level (or Grade 11 course) in your second semester of grade 10, that will mean that you are selecting two less option courses as a core will occupy one Full block of time.																																																																																																																	
*Alternate options are to be selected and used if and only if there is a conflict in your schedule and two of your primary option selections are scheduled at the same time/don't fit your schedule.																																																																																																																	

Following are the links to book a VIRTUAL Google Meeting with a staff member. Registration meetings

will take place on **Tuesday, March 18; Wednesday, March 19; and Saturday, April 5 and will be 15 minutes in length.** **Please be sure to book your appointment using the staff calendar links below.** Again, please also note that there will be the opportunity for in person registration meetings on **Wednesday, April 9 and Thursday, April 10** in the ABJ Library Learning Commons (*first come, first served*).

In order to maximize your time slot, it is essential that you and your student are prepared on your end so that we can move through the process seamlessly. Your child can book an appointment with a member of the educational leadership team by signing into their EICS Google account. They will receive a confirmation email detailing the date and time of the Meeting. When the student goes to their Google Calendar, they will notice the Meeting inputted into their calendar. When you click on the event, you will notice a link for the Google Meet. Click on the link and your Staff Member will meet you in the meeting! If there are no visible slots, please click on the next individual. An instructional video on how to book the appointment using the links below can be found [here](#). Please note, in your child's Grade Level Google Classroom, there is an instructional video on how to book the appointment. **If your child is not yet a part of the Google Classroom, they can join with the code: v76ar2r**
