

**By commissioning me you are agreeing to terms of service below.**

## **I. GENERAL TERMS**

- I have the right to refuse or decline your commission for any reason.
- Provide clear references, and be as specific as possible for what you would like to get commissioned.
- I, the artist, hold copyright to the produced drawing; i.e. publishing the commission on my socials & portfolio. (If you want your work to remain private please discuss this at the time of the request.)
- My commissions are for Personal Use only unless otherwise discussed. Up to the extent that these terms outline, you will not profit off my work unless coming to a written agreement with me beforehand.
- Backgrounds will be an additional fee depending on the details. Will not draw anything complicated.
- My clients/commissioners do NOT have the right to mint/sell their commissions as NFT or AI work. Doing

so is in violation of these terms. Do NOT trace, edit, alter or modify any of the art/commissions.

## **II. PAYMENT**

- All payments are in USD, and will be made through Paypal Invoice.
- Invoices will be sent within 48 hours of accepting your commission, pay within the week of receiving the invoice or your commission may be canceled.
- I will not begin work on a commission until full payment is received OR initial payment of an agreed upon payment plan is received. This process may be flexible for returning clients.
- Payments are final, and non-negotiable once commission has started. If payment is paid and I haven't started working on your commission within a month of request half can be refunded.

### **III. PROCESS**

- Completion time may vary, taking from a week to 1 - 2 months depending on complexity and other factors; i.e. health, other work, etc.
- I will inform you of the timeframe when I accept the commission. Typically an initial sketch will be provided within the first month. (At the sketch stage, you are allowed to request any changes.)
- I will be sending you the sketch, lineart, and base color for the commission to inform you of progress. I will not change the pose/lineart details when the coloring stage has started.
- Changes requested at the flat color point must be minor. (EX: I forgot a character's earrings or got their eye color wrong. In these cases where there are small things I have missed, I do not mind changing them with no additional charge.)
- Finished commissions will be sent in their full resolution via email unless otherwise specified.
