Disruption of November SNAP Benefits

Earlier this month, the USDA notified state SNAP agencies that there would not be enough funds to Issue November SNAP benefits due to the ongoing federal government shutdown.

What this means for SNAP recipients (as of 10/29/25):

- No new funds will be added to EBT cards on November 1st.
- Recipients can continue to use any existing SNAP balances after November 1st.
- SNAP retailers (such as the following farmers markets, farm stands, and grocery stores) can continue to process SNAP transactions as long as there are SNAP funds on the shopper's EBT card.
- Recipients can still earn Double Up Food Bucks on any existing SNAP balances.
- Any previously earned incentives (Ex: leftover SNAP or Double Up tokens) can still be spent at participating sites.
