(TWS: PEDOPHILIA, ANTIXENISM, TRANSPHOBIA/MISIA, ANTISEMITISM, TALK OF KINK (ESPECIALLY STOMACH-RELATED))

Pedophilia

BlockyFan999 has made sexual jokes about minors and talked about his kinks openly, where they can also see them.

An example of one of these sexual jokes is:

Rina got banned

Blockylan999 | 30. Juni 2020 | User blog:Blockylan999

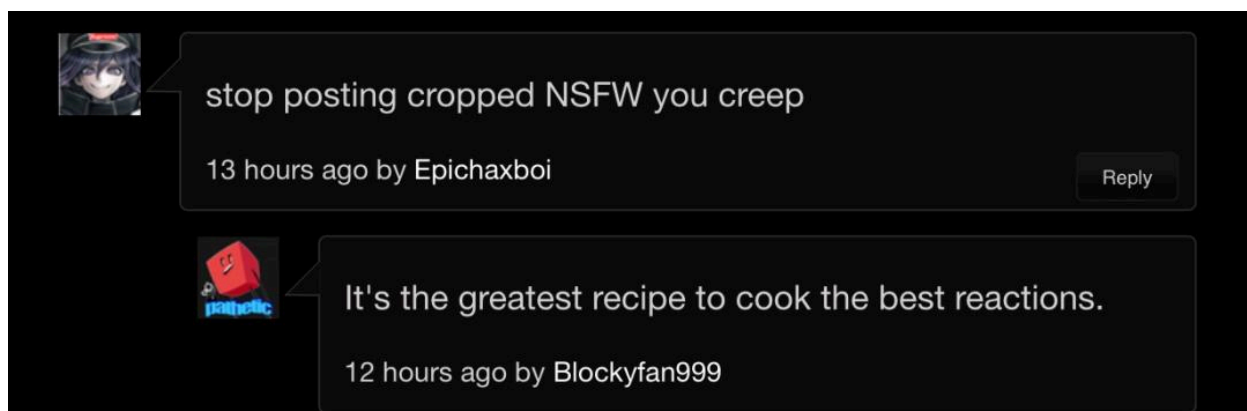

A day before her bithday, that must suck to be banned before or on your birthday

Now she's got lotsa time to masturbate!

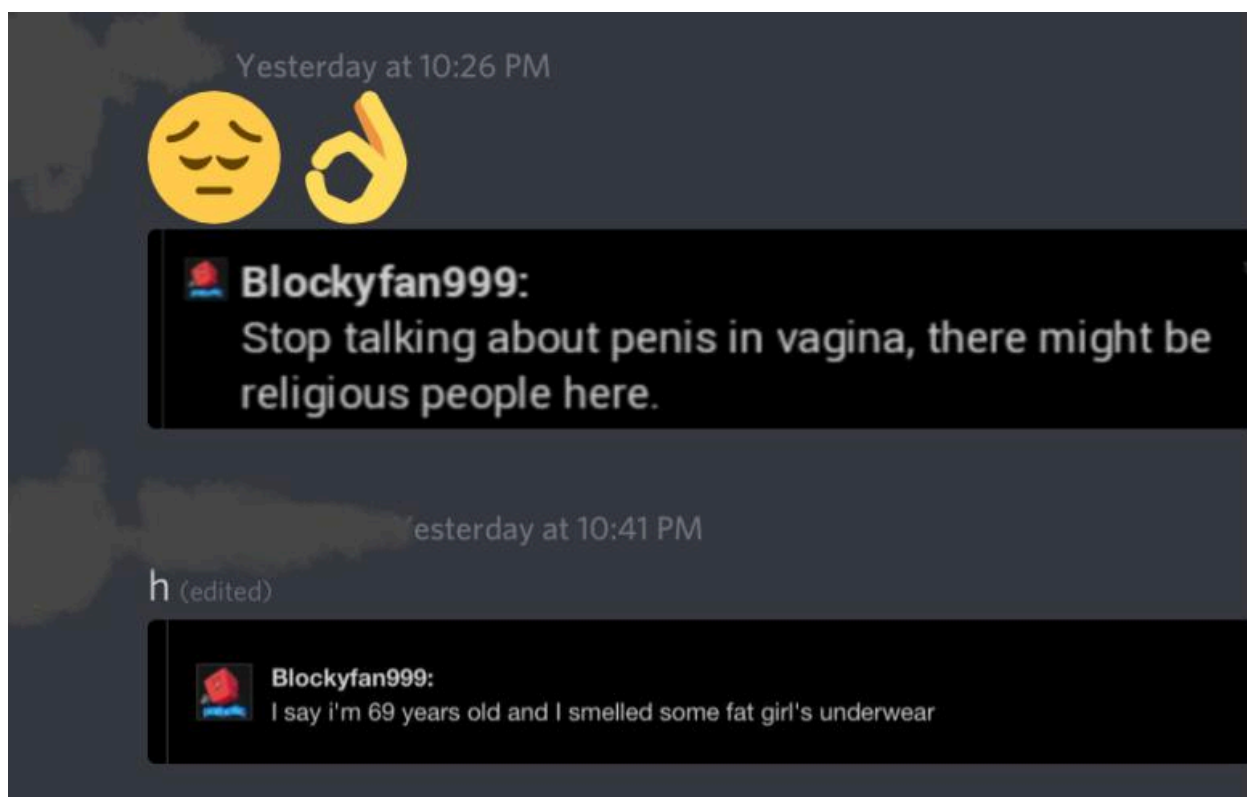

Rina is 13 years old, as of writing this. Although he has apologized for this, he hasn't changed.

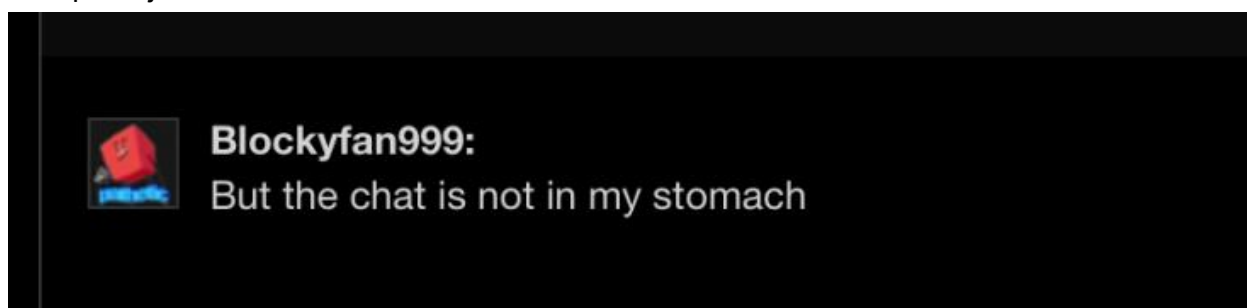

When asked to stop posting cropped NSFW, he said:

Another examples of the NSFW jokes include:

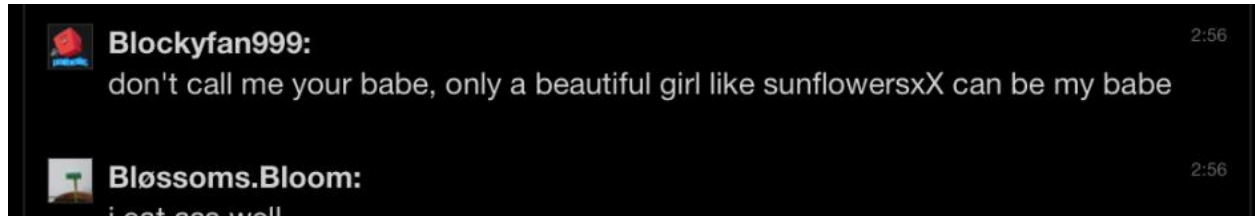

Pedophilia joke.

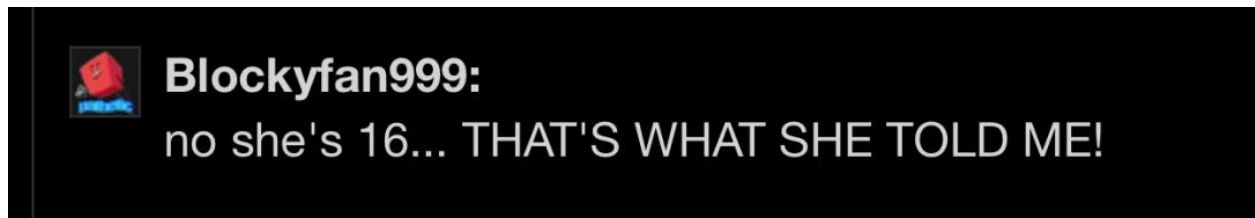

A vore joke. Although many minors joke about vore without intention of kink (and that's fine), he has an actual vore kink. It is not unlikely that he uses teens for it.

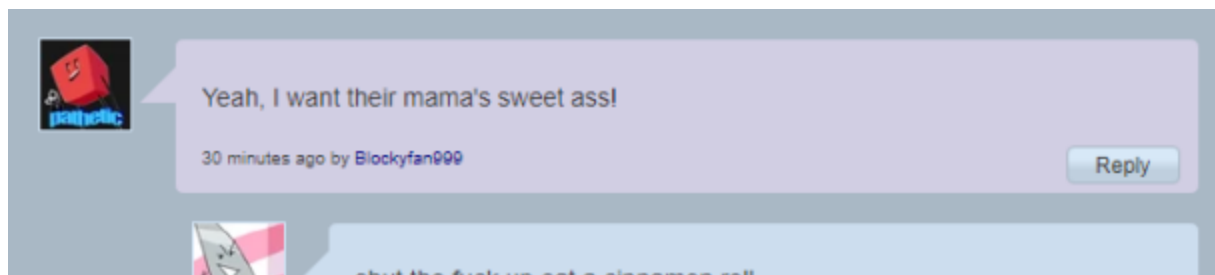

He has talked about a 14-year-old being his "babe".

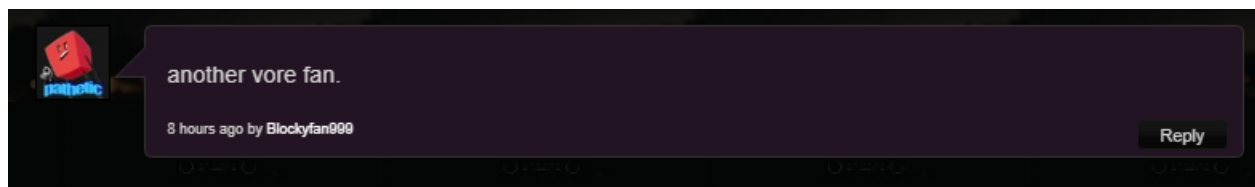

When questioned, he lied and said:

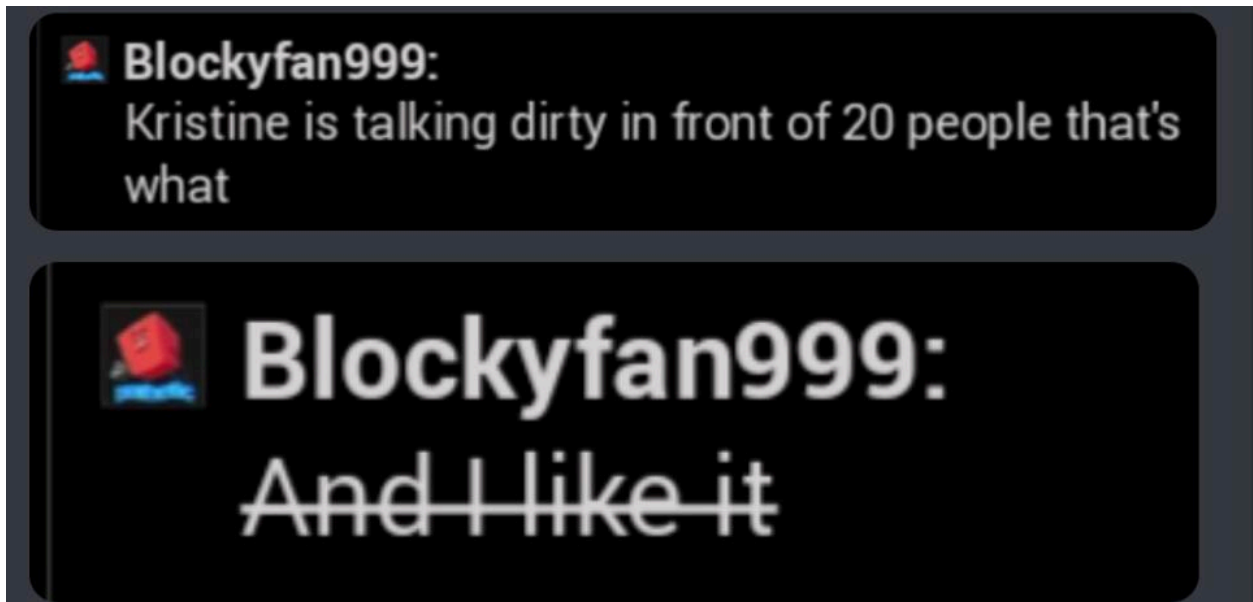

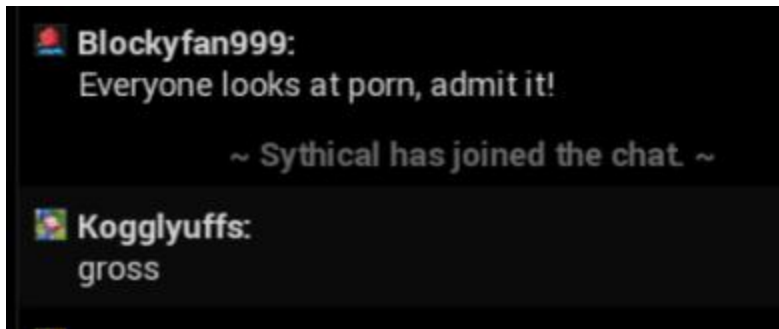

Another NSFW joke around a minor:

A NSFW joke about a 12 year old:

More jokes:

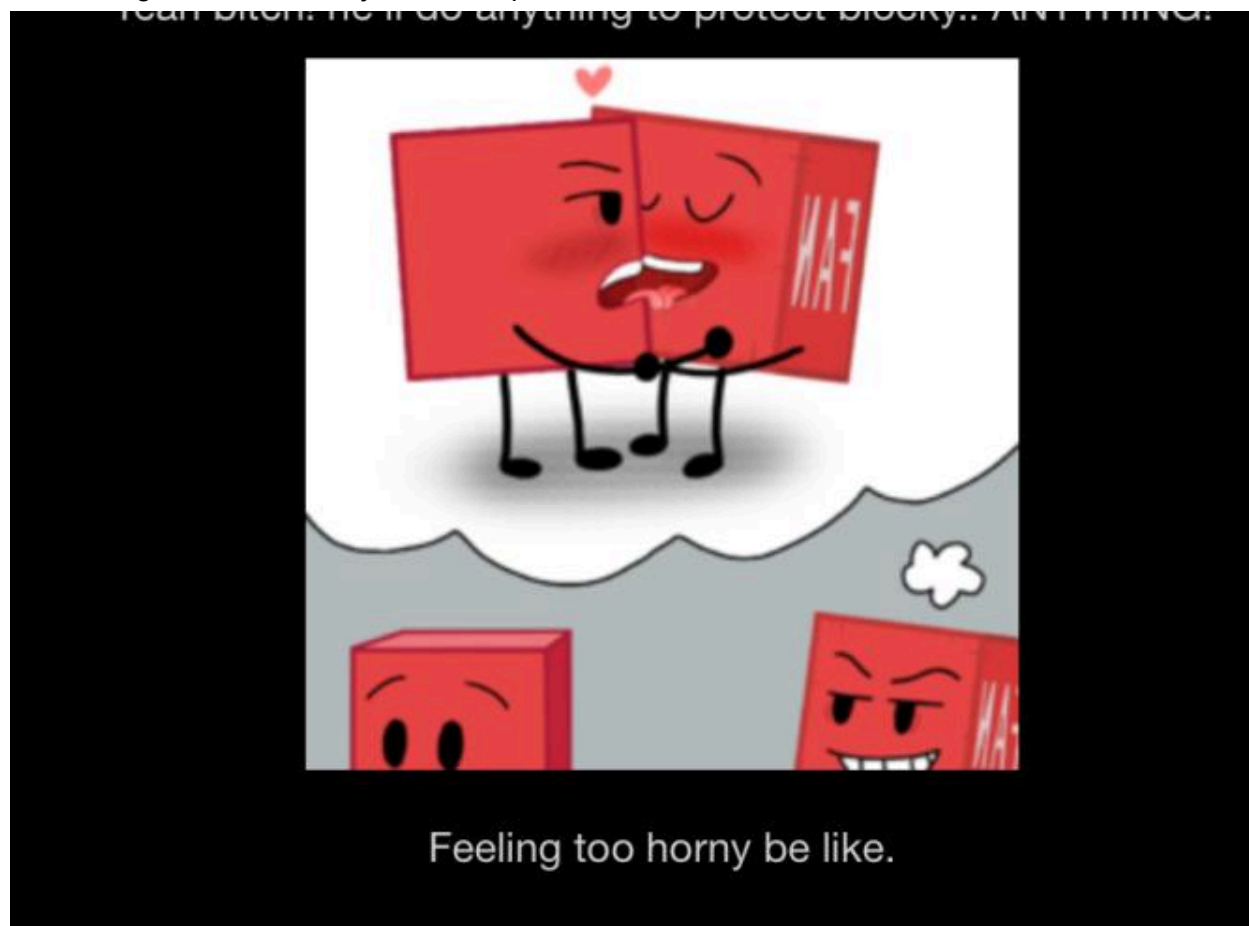

Him having vore on his profile, some of the characters are minors:

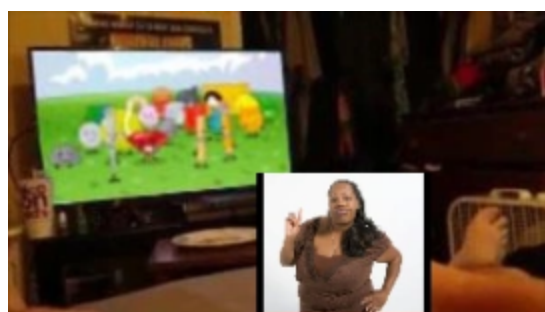

Cozy in
Hogwarts?

Him having another NSFW joke on his profile:

Yet another NSFW joke:

This isn't necessarily NSFW, but still creepy to use an OC without consent:

Fan Block. OMFG TM ON BFB!!!!!!!!!!!!!!

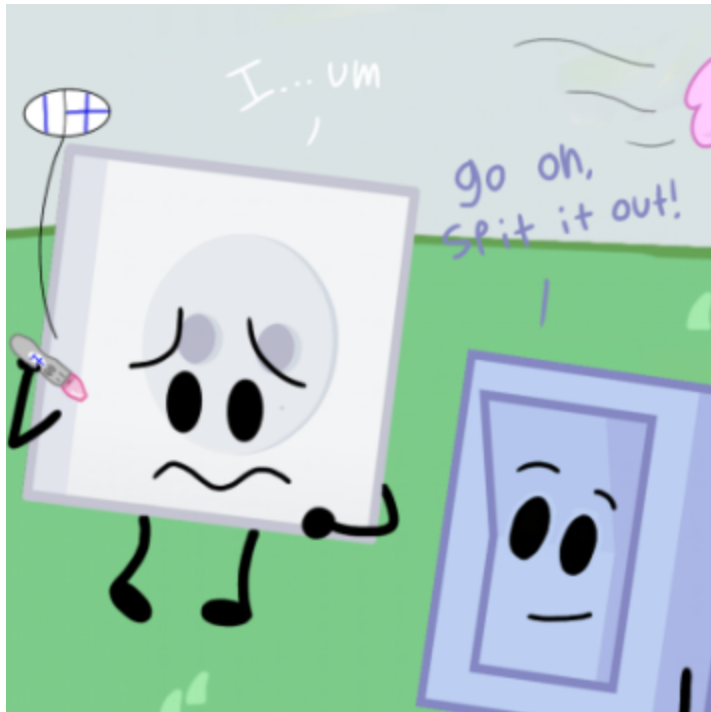

Fan Pocket!! Fan Block X Pocket, veery geiood ship!

Another examples of him stealing OCs and using them for weird purposes are (TW VORE):

Making someone else's OC pregnant without consent:

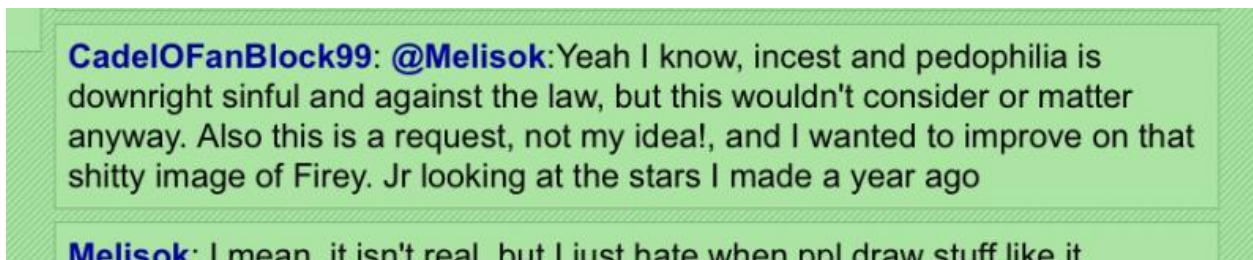

Him shipping pedophilia:

He also has a peheal account, where he talks about his kinks. And also sexualizes children's media (like object shows).

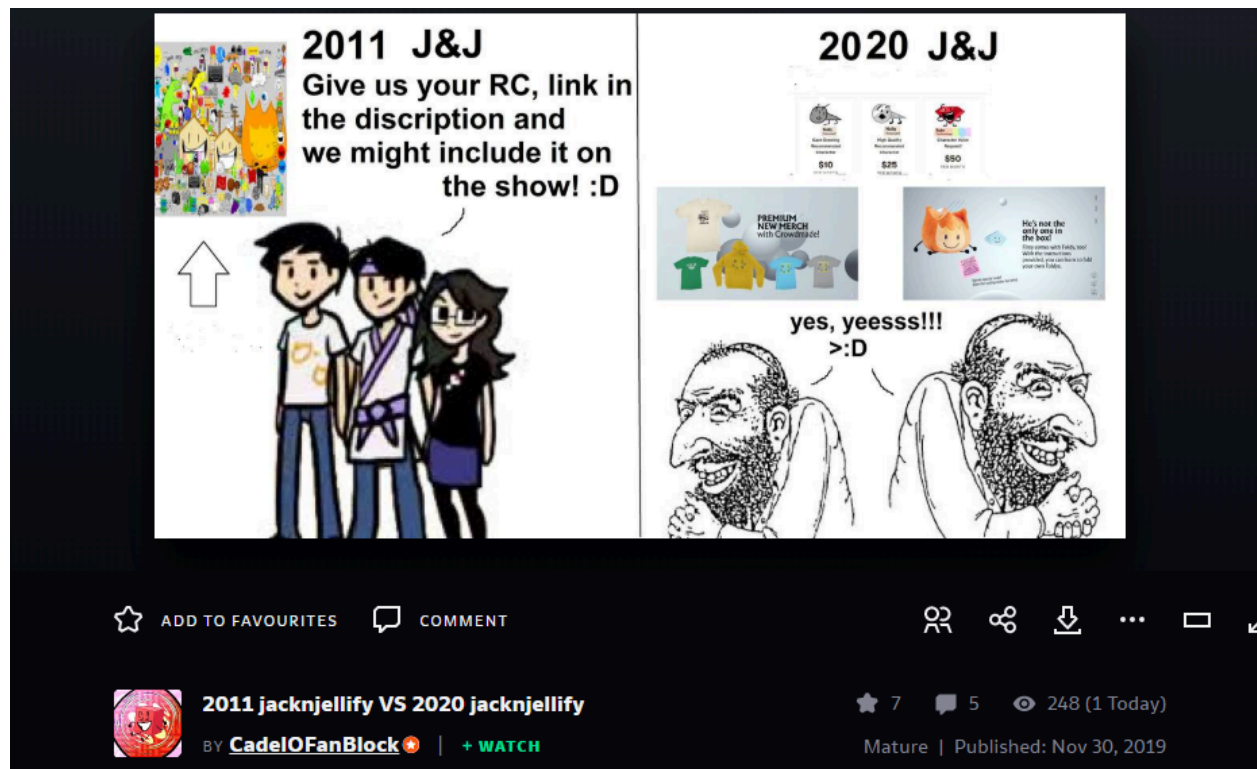

He has also defended drawing NSFW of Firey Jr., who is coded to be a child (but to be honest, porn of object shows shouldn't exist in any form). Note that Firey, who was intended by the recommender to be Firey Jr's dad, was also in the image.

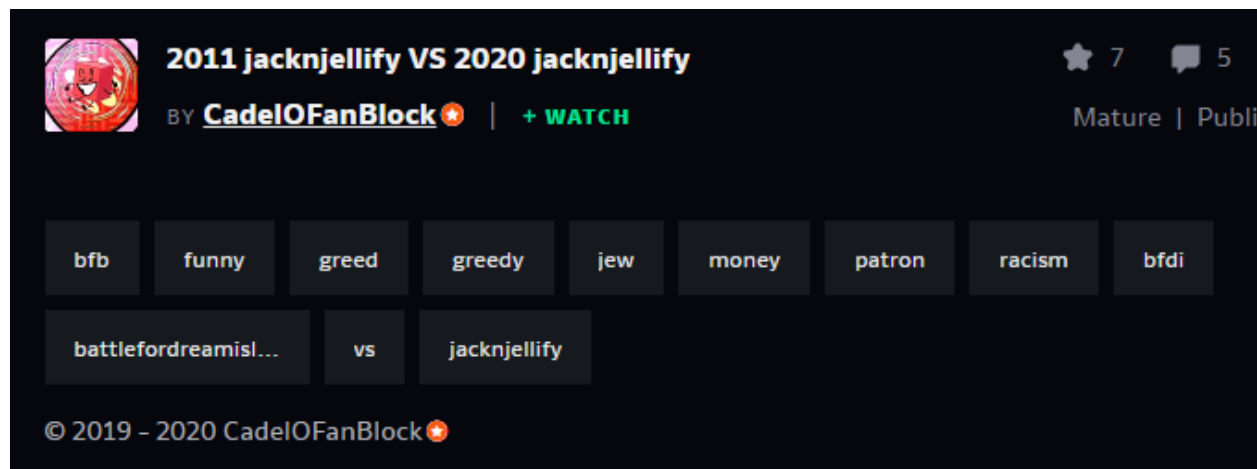

That's not all. Although I currently have no evidence (other than people telling me), he did A SEXUAL ROLEPLAY with a 13-year-old and a person who we'll call L.

He asked if they "wanted to get their pussies eaten".

Antisemitism

If you don't recognize those two old men with beards, they are both antisemitic symbols, Le Happy Merchant. There is no way he could have used these without knowing they are antisemitic, especially because the tags are this:

Note the use of the antisemitic stereotype and the word J*w. Many jewish people have explained that J*w started out as a slur used against their people. Cadel has no right to reclaim that word.

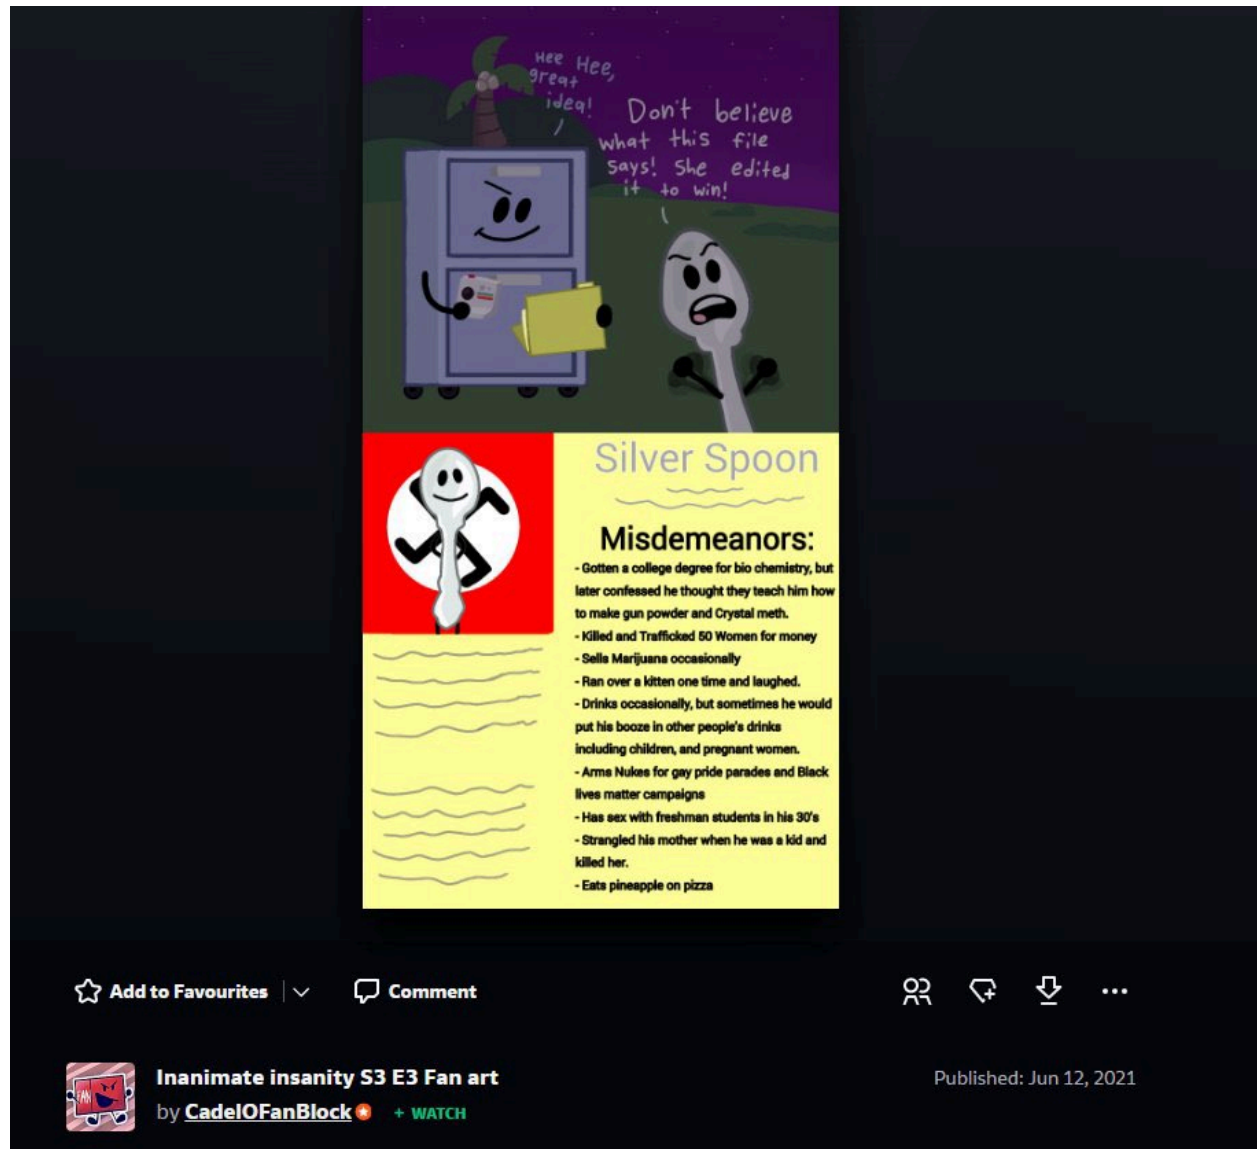

He also has this on his FFF wiki profile, an antisemitic joke:

Him telling someone to “Go back to Mexico”.

Transmisia/phobia

This is referring to Ranger, who is a solarian. Xe does not use feminine labels, so guess what? This is a form of misgendering.

In the same image as the “Go back to Mexico” thing, he made an attack helicopter joke.

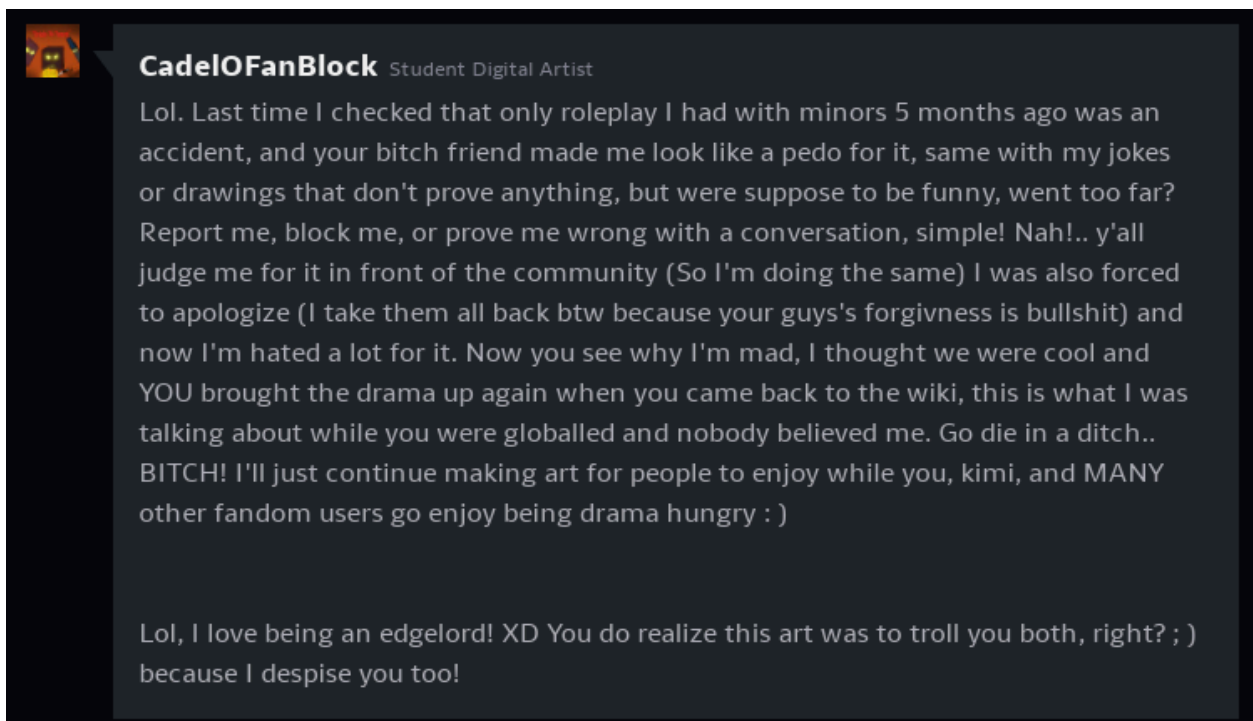

UPDATE 7/18/20:

As of now, BlockyFan999 has quit FANDOM. But however, he's still running free on DeviantArt, a site full of minors.

Although him being held accountable on DeviantArt is unlikely due to the extreme amount of NSFW art of children's media (which is on google images) being allowed, we still hope that will happen.

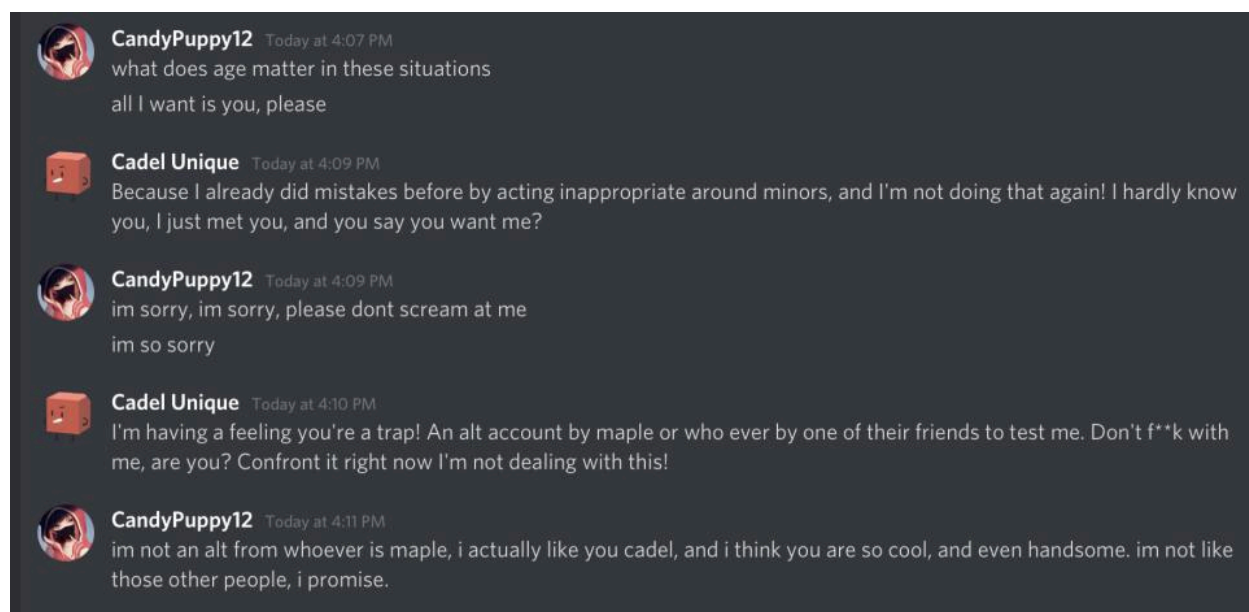

UPDATES 10/16/20 AND 10/17/20:

BlockyFan has sent death threats to an user on DeviantArt.

10/17/20:

Someone made an alternate account to bait and catfish BlockyFan, in an attempt to expose him. The conversation went like:

Cadel Unique Today at 4:18 PM

If you're 16.. Maybe we can flirt and stuff, if you're 17, 18 or older. Than you're old enough to do dirty things with me like nsfw role play or something like that. I'm good with roleplays, even NSFW 😊
