

## Data Mining and Power

### What is power?

|                                                                                                  |  |
|--------------------------------------------------------------------------------------------------|--|
| <b>Think:</b> What do you think power is?                                                        |  |
| <b>Pair:</b> Discuss your thoughts with a partner and then write a definition of power together. |  |
| <b>Share:</b> After the class discussion, write down a complete definition of power              |  |

### What is Data Mining?

|                                                                                                        |  |
|--------------------------------------------------------------------------------------------------------|--|
| <b>Think:</b> What do you think Data Mining is?                                                        |  |
