Hello Heath Street Bakehouse! I'm a copywriter/digital marketing consultant I did a full analysis on your funnels, what you sell, target market and more.... and I couldn't help but notice The true potential your company can achieve Well to clarify your business funnels are good but we can take them to the next level by improving a couple of things. Such as improving video descriptions and doing videos that will pull attention. But those descriptions won't be any normal description they are STRONG descriptions with the psychology to influence your target market into buying your desserts and more.

second message 🙏

If you are interested we can hope on a call one day in order to clarify everything and get to know each other. On this call I will explain everything(my strategy and your future plans) and how we can take your sales to the next level. then you can confirm if you are actually interested or no! ----- and then I added testimonials from my old client

Outreach message:

Follow this when writing an outreach message, it'll help.

- keep the SL, if there is one ,short 3 words max.

- don't talk about yourself (I can,I will,I do...)

- Focus on him because he doesn't care about you ,he cares about himself

- Don't do a compliment if it doesn't come from your heart and you truly think of it.

- Be understanding of his time ,don't write a 3 page outreach message,keep it short and simple

- Make the CTA as easy to answer as possible, yes or no question.

- Make it less salesy, read it out loud, don't start your message with a sale.

- Don't use grammar used in England in the 13th Century

- Speak like you're at a bar with a friend of yours and he just introduced you to each other

The true potential your Restaurant/Buffer have

Well to clarify your Buffet is perfected, the food is appetising and the servicing is Remarkable ,I have eaten there before(emoji) Your hotel page is presented professionally BUT we can increase the potential of presenting the Mill Cafe online .A lot of customers will book a room plus the breakfast(Mill Cafe). However Some people will only come to eat. So they will book A table.on the booking apps, But if you think about it, we can make your buffet even more popular with creating a landing page,posts and an opt page.

If you are interested we can hope on a call one day in order to clarify everything and get to know each other. On this call I will explain everything(my strategy and your future plans) and how we can take your sales to the next level. then you can confirm if you are actually interested or not!

BY the way I'm not charging at first for to valid reasons

-My age, you might not trust me

-and secondly I prioritise quality before payment

Hello [BUSINESS NAME],,

My name is [Your Name], and I specialise in copywriting and digital marketing consultation. Recently, I conducted an analysis of your restaurant/buffet online presence, including your funnels, target market, and offerings.

I must say, your buffet/restaurant is truly impressive – the food is appetising, and the service is remarkable. I've had the pleasure of dining at your establishment before (emoji). Well your hotel page is professionally presented, I believe there's untapped potential for the Mill Cafe online.

Currently, many customers book a room along with breakfast at the Mill Cafe. However, others may only be interested in dining only. To capture a broader audience, I propose creating a dedicated landing page, engaging posts, and optimised funnels for the buffet.

If you are interested we can hope on a call one day in order to clarify everything and get to know each other. On this call I will explain everything(my strategy and your future plans). Then you can confirm if you are actually interested or not!

I'm offering my initial services at no charge at first to emphasise my commitment, prioritising trust and delivering quality results.
