

ARAID CALL 2024

EXPRESSIONS OF INTEREST (EoI) with INMA as Host Institution

The Aragonese Foundation for Research & Development (ARAID) has opened an International Call for the Recruitment of Researchers to work at public or private research institutes based in the Spanish region of Aragón (<https://www.araid.es/en/content/convocatoria-araid-2024>). Candidates have to submit their applications through one of these research institutes. The successful candidates will be offered a full-time permanent position.

The Aragon Nanoscience and Materials Institute (INMA), a joint research centre between the Spanish National Research Council (CSIC) and the University of Zaragoza, located in Zaragoza, is looking for young, motivated candidates to apply to this call and set up their own research group at INMA in one of these four topics:

- “Experimental Nanophotonics”.
- “Advanced Characterization of Soft materials using HR Microscopies and combined Microscopy/Spectroscopic techniques”.
- “Sustainable Nanofabrication and Synthesis of Nanomaterials to facilitate a Carbon neutral Society”.
- “2D Materials: Synthesis, Characterization and Applications”.

R&D&I activities at INMA draw on its multidisciplinary nature, which includes expertise in Materials Theory, Synthesis of molecular and supramolecular entities, Polymer Chemistry, Photonics, Magnetism, Superconductivity, Quantum Technologies, Additive Manufacturing, Biotechnology, Electronics and Nanotechnology.

REQUIREMENTS

Candidates must have a minimum of 6 years postdoctoral experience by the end of the application submission period (February 29th, 2024).

Candidates must have spent at least 2 years of postdoctoral work in research centres of recognised national or international prestige outside Aragón.

If you are interested, please contact INMA's International Relations and Programmes Unit (Ana Alonso, analonso@unizar.es) before 9:00 AM CET on February 5th, 2024, including your CV (maximum 4 pages) and the attached EoI.
