

Writing

1. Do you like writing?
2. Do you prefer writing by hand, or typing on a computer? Why?
3. In the future, will it still be necessary to teach handwriting in schools, or will computers completely replace handwriting?
4. What kinds of things do you need to write in your everyday life? What things do you commonly write during a normal week?
5. Do you like to do creative writing? (For example: writing poems, stories, essays, et cetera.) Why or why not? Do you think creative writing is useful for people, or is it a waste of time?
6. Do you think you are a good writer? What are your greatest difficulties when writing? What skills are necessary to become a good writer?
7. In which jobs are writing skills particularly important? In which jobs are writing skills not important?
8. Do people write more or less now than they did 100 years ago? Has the type of things they write changed?
9. What did people do before the invention of writing? How did they remember important things?
10. Do you write a daily journal/diary? Do you know anyone who does? What are the benefits of writing a journal? What are the disadvantages of writing a journal?
11. Who is your favorite writer? Why?
