Dear Parents and Guardians,

The mission of Fountain-Fort Carson School District 8 is to ensure that each child receives an optimum educational experience. For students who are identified as gifted, this educational experience includes the development of an Advanced Learning Plan to help highlight and target each student's individual learning needs. Enclosed you will find a draft version of your student's Advanced Learning Plan for the 2026-2027 school year. Please review the draft information in your student's plan to preview the potential academic and social-emotional goals for your student and to ensure that the feedback you and your student have provided is included.

I will plan to further discuss your student's Advanced Learning Plan with you and your student as part of his or her Advanced Learning Plan Conference. We invite you to attend an Advanced Learning Plan Conference for your student on ***Enter Date and Time***. If you cannot attend this conference, please contact our building secretary at ***Enter School Phone Number*** to reschedule a time more convenient for you.

At the conference, we would like you to share the strengths you have observed in your student and any questions or concerns you may have as a result of your student's unique abilities. I look forward to hearing your ideas and answering any questions you may have as I partner with you and your student.

If you have any questions before our meeting, please do not hesitate to contact me.

Sincerely,

Enter your name and contact information
