

Naomi Brown-4th(reptile ranch)
Line Lesson Plan

Supplies:

white paper
colored pencils
erasers
black cardstock
glue

Biography:

Discussion:

- What are the different types of lines?
- How would you describe the lines in this artwork?
- In what direction do the lines travel?
- Do they show movement or division?
- What shape do the lines form? Do they outline an object?

Art Project:

- Discuss how a snake looks and moves. What types of lines would you see in a snake?
- Ask the students to draw a picture of a snake using lines.
- Encourage them to make their lines dark and color their picture in lightly to clearly show their use of line.
- They may then mount their picture to the black construction paper.
