

12/23 - JOIN US IN BOSTON to Share our Holiday Card with MODERNA demanding we share the vaccine recipe

CONTACT:

Joseph Amodei, [Free the Vaccine](#), j.amodei@chatham.edu, (coordinating but isolating with COVID)

Josh Kery, [Free the Vaccine](#), joshuakery1@gmail.com, (on the ground tomorrow)

TOMORROW:

Trojan Horse Holiday Card Delivered to Moderna Calling for Sharing the COVID-19 Vaccine Recipe

After almost 2 years of death, disease, and strict social-distancing guidelines, we have all become hopeful and more than eager to spend the holidays with our loved ones this year. However, we cannot celebrate a joyous holiday season because Moderna has been hoarding life-saving, taxpayer-funded vaccine recipes, resulting in variant after variant and directly playing a role in the millions of preventable deaths taking place around the world.

WHAT: In light of the most recent, highly contagious Omicron outbreak, we will be delivering a Holiday Card to Moderna, urging them to share the life-saving vaccine recipe with the world. After making this delivery, we will be outside of the Moderna headquarters with a team of activists and student leaders who will be COVID-themed holiday carols and taking photos with passerbys ([link to lyric sheet for "The Twelve Waves of COVID" song](#)).

WHEN: Thursday, December 21 at 12:30pm

WHO: Artists, Students, Activists, and Health Care Workers who are part of advocacy group [Free the Vaccine](#)

WHERE: Moderna, 200 Technology Square, Cambridge, MA 02139

VISUALS:

One giant card to be delivered inside to Moderna & one for photos outside of Moderna.
