RE: Support of a proposed mixed-used addition at 3409 Connecticut Avenue NW (HPRB 25-289)

Chair Heath,

At a regularly scheduled and properly noticed public meeting on June 16, 2025, with a quorum present, a quorum being five commissioners, ANC3C voted X-X-X to support HPRB application 25-289 for the construction a mixed-use addition at 3409 Connecticut Ave, above the Femme Fatale store in Cleveland Park.

While ANC3C notes that there is no rule requiring the addition to be hidden from view and would have preferred that the proposed addition be even larger, ANC 3C recommends that HPRB approve the proposal.

The Commission authorizes the Chair and the Commissioners for 3C06 and/or their designee(s) to represent the Commission on this matter.

Sincerely,

Janell Pagats
Chair ANC3C
