

Here we are. What a beauty. God, I can't wait to get out of this car and stretch my legs!

//Car doors

So babe, what do you think? Good right? A log cabin just for us this winter. Hey, don't look so glum, we're gonna have a great time. We can do whatever we want out here, far away from the city, clean air, clear skies. You'll see. You'll love it.

Come on, let's get the bags in, the owner said he leaves the key under the pot at the side so you go grab that and I'll get the suitcases.

//Fire crackling

//Big sigh

See, not so bad, snuggled up in front of a log fire with your future husband.

I'm really glad you agreed to come with me, I know it's not a typical winter getaway but trust me, it's special for me.

I love you, you know that.

//Kissing

I... uh... have a confession though. Don't worry, it's nothing serious. I didn't bring you out here to break up or anything, I uh... just... I've been thinking a lot ever since we went to Pride.

No, it's not jealousy or anything like that but I saw you looking at all the beefy, hairy guys in their gear and it made me wonder whether I was even a right fit for you. I mean, come on, I'm not hairy, I'm not even particularly built.

I know, I know, you love me and that's great but it did make me think there's a whole world of men you're denying yourself from because you're with me.

So... I did some research and I found... this.

It's a remote, yes, but a very special, very expensive, one. You see those buttons, they control things like hair, body mass, muscle size, even things like dick size and height. I swallow a tablet and that remote changes... well... me.

I actually swallowed it yesterday, something about it takes 24 hours for the nano bots to work their way into your system or something. I don't fully understand it. But I thought, this way you can control how I look - how beefy, or hairy, to your customised specifications

Fancy giving it a go?

Haaaa, awesome. That's the first time I've seen you excited on this trip. Why don't we start with something simple... like... beard hair. Go ahead, give me a big bushy beard.

Woahhh, I can feel it working, fuck that tingles! I have a beard! Hey! Hold up! Not too much, I - ah!

Oh my god, how high did you set it? It's down to my knees babe, you wanna fuck Gimli the dwarf? You're enjoying that way too much. It should be easy enough to reverse, try dialling the setting down again.

Shudder Well that felt weird going backwards. There should be a body hair setting, try that - just a little bit, okay.

Wow... look at the hair growing on my arms. This is awesome. Let me check my chest, woof! Beastman!! Hahaa

Let me get up, I don't think it effects my clothes so let me strip. Okay, now make me taller.

//Thud - Deep Voice

Woah! Too much! Too much! Shrink me down!

//Zip - High voice, barely Audible

Fucks sake, middle level! Middle level!

//Zip - Normal voice

Look at you! Giggling away! I am immediately regretting my choices.

Try and grow me again but not so I'm going through the roof this time.

There we go. Haha, I must be what, 6,7? 6.5 maybe. How am I looking? I don't think I'm all the way there yet, tall hairy boy. Is there a muscle setting? Pump me up, but don't go crazy alright?

Ooh hooo, that is something else. Like all the adrenaline is rushing to my skin, look at me grow, there. I think that's enough.

Well... I think I'm about ready, what do you think? You want me to pose for you?

Oof, Yeah, feels good to flex these puppies. Look at how big my chest is, haha! I can make them jiggle, look. I always thought that would be fun but doing it is something else!

My back? You want to see my goods? Look at my butt!!! Look how bouncy that is!

Fuck, this is getting me hot just feeling my new body. You like this babe? Is this what you wanted? A big hairy muscle man? Look at you... biting your lip like that. I knew you'd like this.

So... what do you want to do babe... what are you in the mood for?

//Split Top or Bottom

Top:

Body Contact, Proximity, Touching.

Pick him up - Straddle fuck

Then on the sofa, full Nelson

Cum

Bottom:

On knees, crawl over.

//Heavy breathing.

Wow. That was... wow. So intense. I can't believe how good that felt.

I love you babe.

//Kissing

And the best thing is tonight was just the first night, we've got a whole week of trying out these buttons.

Do you like your gift?

Me too... me too.
