Why Choose Us:

Secure High-Quality Doors: Our doors boast a remarkable thickness of 48mm, nearly 10% thicker than most alternatives. With our unique reinforced door frame and Secured by Design locking systems, you can rest assured that your property will be as safe as can be.

Heritage Property Approved: Residence UPVC is a window and door system designed to authentically replicate classic 19th-century timber, found in heritage properties throughout the UK, with all the technological advances of modern composite UPVC material, virtually maintenance-free – no painting or staining required!

Doors for Every Occasion: From stunning Bi-Fold doors to practical Lift and Slide doors, we offer an outstanding portfolio of products to meet even the most rigorous demands for residential, commercial, or public sector projects. We rigorously test and control quality to ensure our doors not only meet but exceed all British standards, including security, weather testing, and cyclic corrosion testing.

Save Money this Winter: In an era of rising energy costs, we don't just help you save money; we help you experience true comfort. All our windows and doors achieve up to A++ WER (Window Energy Rating). With features like internal glazing, multi-point locking, hinge guards, and key locking handles as standard, you'll stay safe, and secure, and save money.
