

Concept 8

Worksheet:

User Flow and Wireframe Development Guide

Section 1: User Flow Development

- **Question 1: Draw the user flow diagram.**
 - Tip: Use symbols for actions, decisions, and start/end points.
 - Example:
 - Start: User opens the app
 - Action: User selects "Sign Up"
 - Input: User enters email and password
 - Decision: Is the email valid?
 - Action: User confirms email via verification link
 - Action: User completes profile setup
 - End: User has successfully signed up for an account]
