## **SNSA Club Player Dual-Registration Policy**

***A player who is registered with an SNSA youth recreational league team (Henderson United, Southern Highlands United, Mini Kickers or High School Spring Training) may not also be registered with a USYS or US Club Soccer competitive club team for the same season.*** If a player registers with an SNSA recreational league team and decides to register with a competitive club team after the start of the season, the player's coach or parent must notify SNSA so that the player can be removed from the recreational team roster, and a new player assigned to the team.

### **POLICY EXCEPTIONS**

1. An SNSA recreational league player may guest-play for a competitive club team for a tournament without losing eligibility to play for his or her recreational league team, so long as he or she registers as a guest player, and not as a permanent roster player for the club team.
2. An SNSA recreational league player may play for a team from SNSA's LV Heat Surf competitive club under certain circumstances if the LV Heat Surf coach submits a written request to the SNSA Director for approval. It is expected that cases of dual registration will be limited to the following circumstances **after** the current recreational league season has started:
  - a. A LV Heat Surf roster falls below an acceptable level to operate a competitive club team
  - b. The SNSA recreational league player is identified by SNSA staff as playing at a level that warrants immediate rostering to a LV Heat Surf team
  - c. Other limited circumstances that justify allowing a player to play for both LV Heat Surf and an SNSA recreational team.

If approved, said player will be granted temporary dual-registration and will be allowed to continue to play for his or her SNSA recreational team and for a LV Heat Surf team for the remainder of the current recreational season. Once the recreational season concludes, the dual-registered player will be limited to playing with his or her LV Heat Surf team and will not be allowed to play in an SNSA recreational league unless the player submits a release form signed by the club coach.

3. A small club (6 or fewer teams) that is recognized by SNSA as recreational may request approval from the SNSA Director to include teams in the SNSA recreational league.
4. An independent team playing in an alternate league that is recognized by SNSA as a recreational team may request permission from the SNSA Director to play in the SNSA recreational league.

Dual registration may only be granted at the discretion of the SNSA Director. A player who registers with a club team during the recreational season without approval from the SNSA Director will be removed from his or her SNSA recreational team roster. Refunds will not be issued for players who leave SNSA recreational teams to play for club teams unless requested prior to the recreational league refund deadline.
