The document should be formatted using the tags provided in the template, i.e., title, author, affiliation/address head, subhead, body text, table text, eq./fig., references, etc. in a 2 column format on A4-size (21.0 cm × 29.7 cm) paper.

Set the left and right margins to 2.0 cm, and the top and bottom margin to 2.5 cm. Set the document to a 2 column format with column widths set at 8.15 cm and the gutter—the space between columns— at 0.7 cm.

The document should be 2 or more pages in length. Please do not place folios or page numbers in the document. That information is inserted when we assemble the book.

Graphics and Equations

Graphics and equations should fit within one column (8.15 cm wide), but full width (17.0 cm) figures are also acceptable. Equations, figures and figure captions each have their own style tags. Number equations using parentheses flushed right as shown below.
