IT Fundamentals Pro: Chapter 3.2 Computing Devices

IT Fundamentals Pro: Chapter 3.2 Computing Devices	
Grade	**11/12**
Unit of Study	**Information Technology Fundamentals**
Length of Unit	**25 Min**

Missouri Learning Standards	
15.1202-A2: Compare and contrast mainframes, minicomputers, scientific workstations, and microcomputers	15.1202-A6: Communicate technical terms, solutions, and procedures to non-technical users

Unit 3.2: Learning Targets

I can:
• Compare and contrast the features of various computing devices, including cost, screen size, computing power, portability, storage capacity, cases and form factors, and digital cameras.
• Recommend computing devices based on user requirements.

Intervention and Enrichment

Assessments

MLS (Learning Goal)	Description or Location
• 15.1202-A2 • 15.1202-A6	Ch. 3 Exam
	ITF+ (FC0-U61) Exam

Vocabulary

Desktop	Notebook/Laptop	Mobile Device	

Instructional Materials

IT Fundamentals Pro: Chapter 3.2 Computing Devices

Video/Demonstration
3.2.1 Computing Devices

Additional Instructional Resources

3.2.2 Computing Device Facts
3.2.3 Activity: Research Computing Devices

Reflections for Future Revisions
