Oven Baked Meatball Sandwiches

~ Sandwich rolls, cut keeping one side intact
~ Cooked Meatballs (your favorite recipe or frozen)
~ Pasta Sauce (homemade or jarred)
~ Shredded Mozzarella cheese

1. Spray a baking sheet with cooking spray. Preheat oven to 400 degrees F.

2. Place your meatballs in a large pot. Cover with pasta sauce. Gently fold the meatballs with the sauce. Heat the meatballs and sauce on low-medium, stirring occasionally, until the meatballs are heated thoroughly.

3. Fill a roll with as many meatballs as you can fit. Top with more pasta sauce from your pot. Place filled sandwich rolls closely on baking sheet. Top each sandwich with shredded mozzarella cheese.

4. Bake until cheese is melted, hot, and bubbly.
